Proceedings of the Madras Government, Revenue Department,
13*th December* 1876.

No. 368. Read the following letter from R. W. BARLOW, Esq., Collector of the Chinglepit District, to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, Fort St. George, dated Saidapet, 8th December 1876, No. 128 :—

WITH reference to the Proceedings of Government, dated the 4th instant, No. 1,966, I have the honor to submit a list of roads which might, with advantage, be undertaken as relief works in this district, and will forward a map indicating their position shortly. Some are beyond the 15-mile radius, but are nevertheless situated so as to divert people when on their way to and flocking into Madras. All are useful links connecting important roads, and, with the exception of the last four, are lines projected in the Circle Board's scheme of roads.

2. I also enclose a list of spring, ponds and pools, the repair of which is being executed from the allotment of Rs. 5,000 already sanctioned for the Ponnery Taluq, some of which lie within 15 miles of Madras, and a large majority at the sides of roads leading to Madras, while the remainder by affording work on the spot will tend to keep the poor in their own villages.

3. A similar list of ponds for the Saidapet Taluq [illegible] forwarded shortly.

1. Ponnery to Poodoovoil.
2. Poodoovoil to Arnee.
3. Arnee to Periapallium.
4. Punjetty to Ponnery.

4. I may add that the short roads as per margin, already sanctioned as relief works, are in active progress and the [illegible] first all but completed.

List of Roads proposed to be undertaken as Relief Works in the Chingleput District.

Miscellaneous.

The Government observe that this letter should have come through the Board of Revenue; but to save time, it will be disposed of at once.

2. They consider money might be more profitably spent than on the road proposed between Tinker's choultry near Ponnilore to Avady, 9 miles, estimate Rs. 13,500. It is parallel to the railway and by no means a feeder to it.

Again the lattice bridge towards Covelong (Rs. 15,000) would simply take traffic off the northern canal.

3. With these exceptions, in respect of the sums involved in which, the

Collector should submit [illegible] proposals [illegible] with the remarks [illegible] care should be taken to avoid unnecessary bridging.
