No. 143. Read the following Proceedings of the Board of Revenue, dated 27th January 1876, No. 237:—

Read again Board's Proceedings, dated 22nd July 1875, No. 2,049.

Read also the following letter from H. St. A. GOODRICH, Esq., Acting Collector of Vizagapatam, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Vizianagram, 23rd September 1875, No. 1,645.

In answer to Board's Proceedings, dated 22nd July last, No. 2,049, I have the honor to report as follows.

2. In the permanent settlement accounts of the Andalapilli village, in the Sarvasidhi Taluq, 8 acres of Sanadi Inams, assessed at Rs. 40, and 10 acres of Service Inams, assessed at Rs. 50, situated in the bed of the Kondakirla Ava were entered in the names of certain individuals.

3. The Sanadi Inams were enfranchised by the Inam Commissioner in the names of the present holders.

4. The Inamdars used to commence their cultivation in the bed of the tank after the 15th December soon after the water was let out of the Ava.

5. In fasli 1283 Mr. Snaith, the late Principal Assistant Collector, having issued orders for the retention of water after the 15th December, the Inam lands remained submerged, and the Inamdars sustained loss of crops during faslis 1283 and 1284 as they could not cultivate their entire Inams.

6. A statement showing the details of the land and the actual loss sustained by the Sanadi and Service Inamdars is enclosed, from which it will be observed that the Sanadi Inamdars are entitled to compensation of Rs. 47-8-0 for fasli 1283 and Rupees 35-4-0 for fasli 1284, and the Service Inamdars to Rs. 77-8-0 for fasli 1283 and Rs. 48-12-0 for fasli 1284.

7. I request that early sanction of the Board of Revenue may be obtained for the payment of Rs. 209 as compensation to the Inamdars concerned.

ENCLOSURE No. 1.—Statement.

THE above letter will be submitted for the orders of Government, with reference to G.O., dated 29th September 1875, No. 1,435, and Board's Proceedings, dated 12th November 1875, No. 3,096.

2. The Inamdars are clearly entitled to compensation for loss of crops in faslis 1283 and 1284 during which they were deprived of the usual facilities for cultivating their lands. The Board, therefore, request the sanction of Government for the payment of Rs. 209 as proposed by the Collector.

Loss of Crops sustained by certain Inamdars in Vizagapatam District.—Sanctioning the payment of Rs. 209 as compensation for — by retention of water in the Kondakirla Ava after the 15th December in faslis 1283 and 1284.

No. 2,049.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 22nd July 1875.

Read the following letter from H. ST. A. GOODRICH, Esq., Acting Collector of Vizagapatam, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 29th June 1875, No. 1,142:—

I HAVE the honor to inform you that, owing to the retention of water in the Kondakirla Ava after the 15th December during the past and the present faslis, certain Jeroyti and Inam lands were swamped, and the holders of them, having been unable to cultivate the same with dalwa crops as usual, sustained loss of crops.

2. During the past fasli Mr. Snaith, who conducted the Jamabandi of the Survasidhi Taluq, refused remission although, in pursuance of his order, water had been retained and the lands swamped. At the settlement of the present fasli I obtained from the Tahsildar a statement showing the actual loss of crops sustained both by the Jeroyti Ryots and Inamdars for Fasli 1284, and remitted to the Jeroyti putta-holders the demand against them for that fasli.

3. The Inamdars also claim compensation for the loss of crops sustained by them during the past two years. I consider their claims are strong, and compensation should be paid to them for Faslis 1283 and 1284. This will amount to Rupees 195-8-0 if all the Inams were swamped in both those years, or Rupees 168 if only the same lands that suffered this year suffered then. Should the Board think that compensation should be paid on account of the two earlier years, I request that sanction may be obtained for an amount not exceeding Rupees 195-8-0 for the payment to the Inamdars concerned. I thought it better to postpone inquiry into the actual amount of lands rendered uncultivable in Faslis 1283 and 1284 until receipt of the Board's orders as to whether the claim shall be admitted at all.

THE Board presume that the lands on account of which remission of assessment is now applied for lie within the waterspread of the Kondakirla Ava. The Collector is requested to explain how Inam lands came to be situated within the waterspread and to what description of Inam he refers, as no mention of any such lands appears to have been made in any report prior to the Collector's letter of the 29th May 1875, No. 941.

2. The amount of compensation involved in the proposal should also be more clearly stated.

Acting Sub-Secretary.

Inam Lands—which were swamped owing to retention of water in Kondakirila Ava in Vizagapatam District and for which remission is now asked.—Collector to report further on certain points regarding these lands and to state more clearly the amount of compensation involved.
