Proceedings of the Madras Government, Revenue Department,
14th December 1876.

No. 337. Read the following Proceedings of the Board of Revenue, dated 11th December 1876, No. 3,140:—

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 7th December 1876, No. 482.

I HAVE to-day received the telegram, as per margin, from Government, and with reference to the information required as to imports of grain for the week preceding, I have the honor to ask for further instructions.

2. What is meant by "Import?" Is it the number of tons of grain brought into Bellary itself by the railway during the week, or that delivered at all the railway stations in the district during the week, or is it the amount *purchased* on account of Government for grain-payments? If it means either of the first two, I beg to say that the Agent of the Madras Railway Company should be instructed to afford me the information through his subordinates.

Circular to all Collectors.

Telegraph every Tuesday morning average prices second-sort rice and chief dry grain; also import from preceding Tuesday of grain in tons; number on relief works, with number gratuitously fed; expenditure sanctioned to date; number of additional officers employed in higher branches, Revenue, Magisterial, Police, Relief; lastly, number medical officers and subordinates serving in district.

SUBMITTED for the orders of Government.

2. The Board presume that Government wish to be advised every Tuesday of the total quantity of grain imported into the district by rail and road during the week. It would be easy to obtain information in regard to the rail imports, but impossible to ascertain the quantity brought in by road with any approach to accuracy.

Acting Secretary.

No. 338. ORDER THEREON, 14th December 1876, No. 2,042.

Miscellaneous.

The Board are correct in their view of the nature of the information required.

2. The railway imports can readily be obtained by the Collector from the Station Master; he must use the best information available as to imports by road.
