PROCEEDINGS OF THE BOARD OF REVENUE, dated 10th July 1876.

Read the following letter from A. J. STUART, Esq., Acting Collector of Tinnevely, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 22nd June 1876, No. 396 :—

In forwarding, herewith, copy of my Salt Deputy Collector's letter, No. 164, dated the 15th instant, and of a communication from the Superintendent of Police to the Salt Deputy Collector, I have the honor to request you will be good enough to obtain the sanction of Government for the extension of the temporary guard of the strength given in the letter of the Superintendent till the end of October.

2. The dittam was in most pans below the proper amount, as per Board's orders at the commencement of the year. Besides, a large supply has to be manufactured on account of the opening of the Railway and the probable increase in demand for Madura District in consequence. I therefore anticipate that the manufacture will have to be continued till the middle of October.

ENCLOSURE No. 1.

From W. R. GANAPATHY PILLAY, Deputy Collector, in charge of Salt Department, to A. J. STUART, Esq., Acting Collector of Tinnevely, dated Viziapathy, 15th June 1876, No. 164.

With reference to your letter, dated 7th March 1876, No. 209, I beg to state that the estimated quantity of salt to be manufactured this year is 10,000 garces, that is, 150 garces in excess of the estimated quantity given for last year.

2. Judging from the quantity of salt already manufactured this year and the approximate quantity we may scrape up to the end of August next, calculated upon the previous year's outturn during the said period, I do not think we can have all the quantity estimated for this year realized by that time; so we will have to continue making salt up to the 15th October next, or until the ensuing monsoon sets in.

3. These circumstances render it necessary that the temporary Police guard should be kept up to 31st October next, which is the latest probable time for the commencement of the rainy season.

4. The sanction already obtained allows for the guard only up to the end of August next, and an additional grant of Rupees 718 should be therefore in time requested with a view to keeping up the guard till the end of October, or as long as the manufacture will continue.

5. I beg to request you will be good enough to obtain sanction for the said amount.

6. A list showing the quantity of salt already manufactured and that to be gathered both before and after the end of August next is herewith submitted.

ENCLOSURE No. 2.

From Major H. E. CONNINGHAM, Superintendent of Police, to W. E. GANAPATHY PILLAY,
Deputy Collector, in charge of Salt Department, Tinnevely, dated 29th February 1876,
No. 146.

In reply to your letter, No. 29, dated 9th instant, I have the honor to inform you that I have ordered temporary Salt guardmen to be sent for duty on the 1st March 1876 to the stations named in the margin. Their services will continue from the 1st March to 31st August 1876. Should you require their services for more than six months, I request you will obtain the sanction of Government before the period expires.

The Collector will be requested to quote the order of Government under which the temporary guard is at present entertained. It is observed that the temporary guard employed last year appears to have cost only Rupees 261-7-10 a month (see Board's Proceedings, dated 11th April 1876, No. 992), whereas the Deputy Collector asks for Rupees 718 for the two months of September and

No. 576.

From A. J. Stuart Esqr.
Ag. Collector of Tinnevely
To C. A. Galton Esqr.
Ag. Secretary to the
Board of Revenue
Madras.

Sir. With reference to the Board's Proceedings, No. 1758, of the 10th July last, I have the honor to forward copy of a letter from the Salt charge Deputy Collector No. 212, dated 5th instant, and to inform you that the temporary Police guard for salt duty is employed annually on the authority of the Extract of Budget forwarded from the office of the Inspector General of Police.

2. The temporary guard employed last year consisted of two head constables, and thirty one constables, and was detailed to the same salt stations

3. I believe the amount of Rs 261-7-10 referred to in the Board's Proceedings under reply is what was actually spent last year.

The guard is necessary to admit of the manufacture of salt being carried on. Its licence last year beyond the price originally fixed was sanctioned in Pro-ceedings of Government, R. D. dated 27th April 1896, No. 971. The difference between the cost of the guard then and that now employed is explained in the Collector's letter.

2. As it is possible that the orders of Government will not reach the collector before the end of the month, the Board direct that the guard be retained in anticipation of sanction. (Enclosure & Subact)
