Extract from the Proceedings of the Government of India, in the Department of Revenue, Agriculture, and Commerce, dated Siml, the 17th August 1876.

AGRICULTURE AND HORTICULTURE.

READ—

"A Manual of Cinchona Cultivation in India" by Dr. George King, Superintendent of the Royal Botanical Gardens, Calcutta, and of Cinchona Cultivation in Bengal.

RESOLUTION.

This is the third of the series of monographs on the more important products of India, the compilation of which was arranged for in the Department of Revenue, Agriculture, and Commerce.

2. The Governor General in Council has perused the work with interest, and considers it to be a valuable resumé of the information available on the subject. Its brevity and concentration are an especial merit.

3. The thanks of the Government of India are due to Dr. King for the trouble he has taken in the preparation of the manual, and for the care and ability with which it has been compiled.

ORDER.—Ordered, that copies of this Resolution, together with copies of the manual, be sent to the Local Govern-
