PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter

from the Honorary Secretary, Hurrish Chunder Mookerjee Library, Calcutta, to the Chief Secretary to Government dated 11th August 1876.

A Public Library has lately been established in this City in commemoration of the memory of the late Babu Hurrish Chunder Mookerjee having for its object the diffusion of knowledge among the educated natives of this country of Indian history and politics. It has been placed under the management of a body of trustees named on the margin, and its current expenses will be borne by the British Indian Association. The funds at the disposal of the trustees are limited, but so far as their means allow they are endeavouring to make a collection of valuable books and papers bearing on the political history and administration of the country past and present. The trustees

will

will however consider it a great favor if the Government of Madras will furnish them with copies of such of its old publications and reports as may be spared with copies of future publications free of charge.

An accurate knowledge of the policy and measures of Government which is best conveyed through the official reports and papers diffused among the educated natives is, the trustees submit, of the highest importance to the ruler and the ruled in this country, and they are therefore led to hope that the Government will see the propriety of assisting in the improvement of this Library. All books and papers treating of the material resources of this country, of the condition of the people of the progress of administration and like matters will be thankfully received.

Order thereon 28th August 1876 A. 969

Ordered that a selection
be
