SIR,

Dated 23rd May 1876
N^o. 402 Financial Department
In G. O. N^o. 1965 of the 21st Ultimo, I am directed to report under which of the two exceptions specified in Para II Clause I of the Resolution of the Government of India as per margin, the present purchase of types falls. I am also directed to avoid the necessity for frequent purchases of types by submitting timely indents and keeping a stock on hand in reserve.

2. I have the honour to report that types amounting to Rs. 123-15- for which sanction is solicited were purchased for use in District Survey Establishments.

3. In Para II Clause III, it is expressly stated that printing materials do not come within clause II nor do they fall completely under clause I.

4. By an oversight, a stock of printing materials was not included in the annual indent for 1876/77.

The late Superintendent had been in the habit of purchasing small supplies of types & of other articles under the authority conveyed in G. O. No. 1321 of 3rd July 1861.

5. On the 24th September 1875 the Accountant General stated that the sanction of the Local Government was required for the admission of the charge on account of an iron chest purchased, although the purchase had been formally sanctioned by Col. Priestley.

6. Under these circumstances, when Col. Priestley again found it necessary to buy types, he applied to Government for sanction which was accorded in G. O. 22nd October 1875.

7. On a further supply of types being found necessary, a second application for sanction for Rs. 123-15- was made; the application is the one noted in G. O. under reply.

8. Types are much used in District offices in order to economise labour in printing headings and names of places in maps.

9. Now that the exact quantity of types likely to be required each year has been ascertained, a regular supply will be included in the Annual indent for stores.

10. I trust that the Government will be pleased to pass the charge now incurred

incurred as the supply was urgently required.

I have the honour to be
