No 422

Kurnool Collector's Office
Camp, Dowl
19 September 1876
Despatched 23rd 5^{1/2}

From

The Acting Collector
Kurnool.

To,

The Secretary to Government
Revenue Department

Sir,

With reference to the order
of Government No 1181 of August
28th, I have the honor to inform
you that Ramachandra Row has always
had charge of a division, since the
lands were given over to the Irrigation
Company.

2 He has two to do the work
of the division as well as his special
work, and I would suggest he be
allowed to continue as before. I
think

1
I think it very necessary that he should
retain his present charge, because
his Special work requires him to
use the services of the Tahsildar's Estab-
lishment, Revenue Inspectors and
others, for measurements and other
duties, and if the Tahsildar is —
under a separate Division officer,
there might be a conflict of authority
which would hinder work, and I
do not think it well to place Tahsildar
class under two persons of coordinate
authority. The Taluqs, through which
the canal runs, are Lunkar, Mundial,
Aundikotkar and Ramallakota.
The first two are in the charge of
the Special Deputy Collector, and the
last two in the Collector's: so that in
the

the present arrangement. There is no
difficulty about the authority of the
Division officer interfering with that
of the Special Deputy Collector.

3 Again the Establishment of
the Special Deputy Collector has
been reduced to a very small one,
because he was able to procure help
from the Deputy Collector's permanent
Establishment. (vide Collector's letter
No. 66 dated March 9th 1871, —
paragraph 12, in the Proceedings of
Government, Rev. Depart. dated
May 16th 1871. No. 860)

4 The Special Deputy Collector's
Establishment consists of an Accountant,
a clerk, and a peon; This would be
far too small, if the offices of Special
and General Deputy Collectors were
separated

separated. As the Special Deputy Collector has to travel with cash, to pay compensation he would require two orderlies; I think that an extra clerk, two more peons, and a sweeper would also be absolutely necessary.

Besides, separate office accommodation must be provided, as the present place is utterly incapable of accommodating two Deputy Collectors.

I am unwilling to ask Government to incur this extra expense, if I can manage without doing so. I would therefore ask that Ramachandrow Row may be retained in the District, continuing both General and Special duties: the special work is only to go on till the end of the year, and I would further have Ramachandrow

to finish the work than have a new man to do so.

Venkatachellum Pillay has not been without work, as I have had to come out into the District again on appearances of famine, and even during the time I was in Kurnool, he has had both Revenue and Magisterial work to do, as Mr. Thorburn has not yet passed his examinations.

If it would be any assistance to Government, I could get on without Venkatachellum Pillay, as the Treasury Deputy Collector could try the Magisterial Cases in my absence, until Mr. Thorburn can be invested with the powers of a first class Magistrate.

I have the honor to be,
Sir,

Your most Obedient Servant
W. J. Foster
Acting Collector

No trouble from
we had trouble
enough in
getting a second
General deputy
for Kurnool.
