8. Grounds of Application in detail

Attached to the town of Ombor there are about 40 houses occupied by Voddus exclusively. The bodies of the deceased Voddus used hitherto to be buried in a part of the putta land No 415 belonging to one Cherakur Munayala Naidu. This has been going on for about 14 years. The Railway line runs close to this burial ground. That Department has a shed close to the burial

burial ground and the Railway servants live in that shed. As it is objectionable to allow the Todders any longer to bury their dead in that place, and as the town burial ground is far off from the huts of the Todders, it is now necessary to apply for Cawny, no 322, which is unoccupied waste and to the converting of which into the burial ground there is no objection. The undersigned therefore requests that sanction may be granted for the above piece of the Cawny to be used as burial ground.
