*Proceedings of the Madras Government, Revenue Department,
2nd October 1876.*

Read the following telegrams :—

From Collector of the Kistna District, Masulipatam, to Secretary to Government, Revenue Department, Ootacamund, dated 27th September 1876.

RAIN-FALL Masulipatam 2 inches 28 cents; Guntur 2; Gudivada, Bezvada 3; elsewhere about $\frac{1}{2}$ inch; two feet seven inches over anicut. Canal-supply insufficient. Standing crops want more rain, especially in Vinuconda, Palnad, and Narsarowpet. Sajja and gingelly being harvested; outturn generally poor. Prices risen in four taluqs; stationary elsewhere. Cholera, seizures 208, deaths 78. Cattle healthy. Pasture failing. Market well supplied locally.

From Acting Collector of Kurnool, to Secretary to Government, Revenue Department, Ootacamund, dated 27th September 1876.

SEASON not much changed. Rain-fall one inch in Nandial; slight and partial in other taluqs. Advantage taken of this slight fall to sow dry crops and cotton in some villages. Wet crops under canal good. Water and pasture scanty. Grain rather difficult to procure, the Sowcars withdrawing it from market in hopes of prices rising higher. Prices high. Cholera in Markapur Taluq; abating elsewhere. No tanks have received supplies.

From Treasury Deputy Collector, Tanjore, to Secretary to Government, Revenue Department, Ootacamund, dated 28th September 1876.

RAIN at Negapatam and elsewhere none; little in Tanjore Taluq; rivers low. No fresh supply to tanks. Water over anicuts none. Cultivation wet and dry crops throughout the district; standing crops not doing well in several parts for want of rain. Harvest wet and a few dry crops in some parts; yield moderate. Pasture insufficient. Markets well supplied. Prices almost stationary. Public health—cholera continues; seizures 50, deaths 32. Fever and small-pox in some localities. Cattle-disease in some parts; some loss.

From Collector of Madura, to Secretary to Government, Revenue Department, Ootacamund, dated 27th September 1876.

RAIN-FALL at Madura two decimal two inches; about one inch at Melur, some showers have fallen, but neither sufficient nor general. No change in the condition of crops. Public health and scarcity of water.

From Collector of Malabar, Calicut, to Secretary to Government, Revenue Department, Ootacamund, dated 28th September 1876.

RAIN-FALL decimal 10, not quite sufficient for cultivation. Harvesting first crop begun. Grain-supply sufficient. Prices slightly falling. Cholera all taluqs except Walluvanad, Wynaad, Cochin; 63 deaths. Cattle generally healthy. Pasture good.

ORDER THEREON, 2nd October 1876, No. 2288.

COMMUNICATED to the Board of Revenue.

(True Extract.)

(Signed) D. F. CARMICHAEL,
Secretary to Government.

To the Board of Revenue.

„ the Sanitary Commissioner.
„ the Surgeon-General, Indian Medical Department.
„ the Chief Engineer for Irrigation.
