*Proceedings of the Madras Government, Financial Department,
3rd October 1876. No. 1775.*

Local Funds—Works.

No. 19. *Proceedings of Government, 3rd October 1876, No. 1775.*

His Grace the Governor in Council foreseeing the probable transfer in next official year of all the ordinary repairs and petty works not requiring professional skill, by Local Fund Boards to "Other Agency" in accordance with Rule 40, including the maintenance of probably some 16,000 miles of existing road and the formation of some 1,000 miles of new road, desires that the Chief Engineer will report the diminution of the staff in each district which may be effected in the Public Works Department to meet such change, for which it will be concurrently necessary to provide. A considerable transfer of petty establishment will doubtless be feasible.
