No. 46. Read the following letter from Major H. R. MEAD, R.E., District Engineer, South Arcot, to Major-General G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Camp at Cuddalore, 2nd September 1876, No. 101:—

1 Abstract Estimate.
1 Plan of Latrines.
1 Site-plan.

With reference to G.O., No. 232, of 20th April 1875, I have the honor to submit, for the sanction of Government, an estimate of Rupees 10,280, prepared in communication with the Magistrate, and approved by him, for constructing on a separate site a new Sub-Magistrate's Cutcherry and Subsidiary Jail at Trivady.

2. The revised standard design for second-class Taluq Cutcherries, circulated with G.O., No. 642, of 13th March 1876, and specification printed therein, have been *strictly* and without any alteration adopted for the main building, and it is not therefore considered necessary to send up a copy of the plan and specification. For the cook-room the design approved in G.O., No. 1,014, of 20th April 1874, is to be adopted in every respect.

3. For the latrines the standard plan received with G.O., No. 731, of 22nd March 1876, is to be adopted, reducing, however, the number of seats to five in each with reference to the requirements of the station. In the standard design fourteen seats in two rows are provided for each latrine, but the five seats now proposed are to be built in one row. A plan of this arrangement is submitted herewith, which I request may be returned when sanctioned. The specification printed in the Government Order will be adhered to.

4. The site was selected by Messrs. Garstin and Norfor. It is private property, but no provision is made in the estimate for compensation for the same, as the Collector reports that it is not possible to come to any reasonable terms with the owners. It would appear that the land is only worth about 100 Rupees per cawnie, while the owners ask from 600 to 1,000 Rupees. The Collector is therefore of opinion that it will be necessary to put the Act in force as recommended by him to Government (*vide* G.O., No. 128, of 23rd October 1875,) in order to acquire the land. In the estimate I have allowed Rupees 200 as cost of site.

No. 47. Order thereon, 3rd October 1876, No. 2,666.
