To.

Colonel R. H. Beddome.
Conservator of Forests.
Through the Collector.

Sir,

I have the honor to request that you will permit by formal transfer the employment of the Savigs in this Range under the head "Collection of Forest Produce" to be employed under the head "Feed and keep of Cattle".

We have certain Government bullocks and have an Elephant caught in the forests: and the sum asked for the purpose of feeding stock was struck out of the Budget Grant.

2. With regard to the Elephant, I have to state that I have repeatedly tried, but can get no offer. I asked when in Mysore; but was told that I should get his sale for it there. The officer in charge of the Commissariat Department told me in answer to my letter to him, that the Elephant was too young for their purposes, and that

in any Case we doubted whether there would be a Sale there for South of India Elephants as they had proved a failure. I propose, as a last resource, sending the Elephant down to Tellicherry and having an auction of timber at the same time; viz the 2d November. I have to request whether you approve of this Course.

I have the honor to be
Sir,
Your Most obed.t Servant
A.W.Peet
Deputy Conservator.
