*Proceedings of the Madras Government, Public Department,
18th November 1876. No. 1287.*

Famine Relief Works.

Read again Proceedings of Government, dated 13th November 1876, No. 1253, Public.

No. 50. ORDER THEREON, 18th November 1876, No. 1287.

It was proposed in the above Proceedings that Dr. Ratton should be placed temporarily in medical charge of the East Coast Canal Relief Works on the allowances drawn by him while on duty under the Board of Revenue in connexion with the salt manufacture, viz., Rupees 600 + Rupees 150 + Rupees 5 per diem special allowance, but on its being brought to notice that the Government of India sanction for the special allowance for the Salt Work expires on the 31st December, the Governor in Council hesitated to withdraw Dr. Ratton from the special duty which would so soon terminate carrying with it the special allowance.

2. The Surgeon-General having now intimated that Dr. Ratton is ready to relinquish his special duty in the Salt Department with the allowance attached to it, and is anxious to undertake the Canal charge on the Regimental pay of Rupees 600, plus Rupees 150 travelling allowance, the Governor in Council sanctions this arrangement which will be carried out at once. It is understood that the compilation of notes on the salt manufacture alone remains for Dr. Ratton to complete of the special duty, and this will not be prevented by his employment on the Famine Works.
