To

The Asst Dy. Mr. General
Mysore Division
Bangalore

Your No. 2946 dated 27th November 1876.

Sir,

I have the honor to report for the information of the Major General Commanding the Division that there are only 4 Norton Tube Wells in the stores of the Corps under my Command. And of these only 2 are in a serviceable condition. From the amount of work that may be expected, I am of opinion that at least 6 serviceable pumps of the above description and 3 sets of driving Apparatus should be obtained from Madras so as to be available for issue when required.

Sir,

I have the honor to forward copy of letter from Commandant Sappers and Miners - As every endeavour is being made and will have to be made for some time to come to find where water exists in the neighbourhood of Bangalore for the use of the Troops - As our present only source of supply are rapidly diminishing, I would beg that the Artesian Tube wells and driving apparatus applied for by Colonel Prendergast, be sent up here as soon as possible -

I have the honor to be
