Proceedings of the Board of Revenue

Dated 25th January 1876.

Read Statements from the collector of
Suddapah showing prices of food grains &c. dated
8th and 12th January 1876.

Submitted for the information of
Government.

2. There is nothing alarming in the state of
prices shown in the return. That of rice is
somewhat high, but that of ragi, cholum
and cumboo which constitute the food of the
bulk of the people, are on the whole about
the same as last year.
