*Proceedings of the Madras Government, Revenue Department,
10th April 1876.*

No. 38. Read the following Proceedings of the Board of Revenue, dated 4th April 1876, No. 921 :—

Read the following letters :—

From G. D. LEMAN, Esq., Collector of the Kistna District, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Gadivada, 11th March 1876, No. 416.

With reference to G.O., dated 5th March 1874, No. 312, I have the honor to inform the Board that the one boundary dispute and the question of State right in Boravantha are still undecided, no officer having been sent to the district by the Minister of His Highness the Nizam.

2. The boundary must, of course, be decided on the spot, and I would suggest the necessity of again addressing His Highness the Nizam's Government in regard to its speedy settlement; also that, as Mr. MacCartie has left the district, I may be authorized to depute my Head Assistant Collector for the time being on behalf of Her Majesty's Government.

3. The question of the Boravantha State rights also calls for immediate settlement, for, in November last, some servants of the Nizam's Government suddenly appeared there and commenced levying a duty of customs, as they pleased to call it, on persons carrying goods, &c., and apparently on all who could or would pay them any thing. If the demand was not paid in full, the collecting person took any less sum that was offered. It seems to have been a tentative arrangement, for they left again after a while; but in the meantime, there was a good deal of money taken, and travellers and merchants were put to great inconvenience; for the High Road from Bezwada to Nuzvid runs through the village.

4. I would not at first believe that the levy was made by the Government.

5. It seems impossible that so shameful a thing, as the levy of such a duty of customs on goods in transit across a little piece of territory of four miles in length, could be attempted by an enlightened Government, or that it could be done without notice to Her Majesty's Government while this question was pending; but I am sorry to say that all the inquiries I have caused to be made tend to prove that the Assistant Amin of Customs of His Highness the Nizam's Government was the officer who superintended the collections.

6. It has been ordered that this inquiry is to be made at Boravantha; I would respectfully suggest that such a proceeding is not necessary, and will only delay the settlement of the matter.

7. No oral evidence is to be obtained on the spot, nor is the subject of inquiry one in which oral evidence can be of any import; and the proprietors of the village live in Hyderabad.

8. The village is admittedly a Sarva Moccassa village granted by the then Nizam to the ancestors of the present proprietors at some time before the cession of the Northern Circars to the British. It is situated, as His Highness the Nizam's Minister admits, in what was the Gollapalli Pargana of the Muztafanagar Circle. Had it had diamond mines in it, it would certainly not have been given away by any Nizam. But it is notorious that it has not and never had any in it.

9. The treaty signed by the Nizam gave to the Honorable East India Company the whole of the Muztafanagar Circle, except the villages having diamond

mines appertaining. These were according to a letter recorded in Military Special Consultation, 2nd June 1766—

And it follows that Baravancha passed to the British Government with the rest of the Circar. I would therefore with much deference suggest that, if these facts be laid before Sir Salar Jung by the Resident (which, from the correspondence I have seen on the subject, does not yet appear to have been done), it is probable that the question will be settled at once. The treaty must be at Hyderabad; the list of diamond villages will be there and the sunnud of the Moteassadars.

10. I presume no omission on former occasions on the part of the Officers of the Honorable East India Company or of Her Majesty's Government to oppose the allegation that it was a village reserved to His Highness the Nizam's Government could be pleaded by that Government as a ground for endeavouring to retain the jurisdiction they have been supposed to have; but if it be, I reply that the village is in the Nuzvid Zemindari, and that, until disturbance took place, the notice of the officers of this Government was not especially attracted to it, and that the person most concerned in the matter up to such time, the Nuzvid Zemindar, to whom the village would revert on failure of heirs, has persistently put forward his claim to it. Its name as Baravancha is on the back of the Sunnud-i-Milkiut Isamier given to his grandfather by the Government of Madras in 1802, and he has also in the records acquired of the Nizam's Government the right to cut the crop given by his grandfather to the villagers.

11. I have just been informed that these so-called Customs Officers are expected to return in a few days to make a fresh collection of their customs duties. I have the honor to suggest that steps be taken to induce the Nizam's Government to forbid any collection at least until the question of State rights is settled, and to request instructions whether or not I may protect travellers, &c., from the imposition of it.

From the same Officer, dated Kanakollu, 24th March 1875, No. 440.

In continuation of my letter, No. 416, dated 11th March 1876, paragraph 11, I have the honor to report that I have received information from the Zemindar of Nuzvid that a party of Nizam's officers, consisting of a Sirdar, Gumnastas, and Paces have again come to Baravancha for the purpose of collecting customs duty.

2. I request early orders on the subject for my guidance.

Submitted to Government with reference to G. O., dated 5th March 1874, No. 312.

3. The Board would suggest that the question of State rights in Baravancha should again be laid before His Highness the Nizam's Government, as the question does not appear to be one which can be settled or elucidated by local inquiry; and that meanwhile the Resident at Hyderabad should be requested to obtain an order to the Customs authorities to abstain from collecting transit dues pending a settlement of the matter. The Board also request that the Collector may be authorized

to depute his Head Assistant to settle the remaining boundary dispute in communication with an officer of the Nizam's Government.

Miscellaneous

The Board will be informed that correspondence is still going on with the Resident at Hyderabad regarding the acceptance of the settlement which formed the subject of G.O., No. 312, of 3rd March 1874; and regarding the arrangements that should be made for settling the rest of the boundary, together with the question of State rights in the Inam village of Baravancha. Meanwhile the Resident will be requested to move the Nizam's Government to allow matters to remain *in statu quo* at Baravancha, pending final arbitration.

2. The Board have not noticed the error in paragraph 10 of the Collector's letter, *viz.*, that if Baravancha is found to lie within the limits of the Nuzvid Zemindari, the reversionary right is in the Zemindar. The village was held in lakhiraj tenure at and before the Permanent Settlement and was therefore excluded from the Zemindar's assets.

one boundary dispute and the question
of State right in Boravancha

to its speedy settlement; also that,
as Mr. McArthur has left the district
I may be authorized to depute my
Deputy Assistant Collector for the

Government.

3. The question of the Barauncheha
State rights also calls for immediate
settlement for in November last

vernment suddenly appeared

oppose the allegation that it was
a village reserved to His Highness
the Mysore Government, could
be pleaded by that Government, as
a ground for endeavouring to

been supposed to have; but if it be
I reply that the village is in the
Mysore Zamindari, and that
no disturbance took place, the
action of the officers of the Govern-
ment was not especially attracted
to it and that the person mentioned
in the matter up to such time, the
Mysore Zamindar, to whom the
village would revert on failure
of heirs has persistently put

put forward his claim to it.
His name as Boragarancha

Milkut Islemrar gives to his
grand-father by the Govern-
ment of Madras in 1802; and
he has filed in his records
copies of 'Dumhalas' or per-
mits to cut the crop given
