*Proceedings of the Madras Government, Revenue Department,
25th April 1876.*

No. 184. Read the following Proceedings of the Board of Revenue, dated 6th April 1876, No. 943 :—

Read the following letter from A. J. STUART, Esq., Acting Collector of Tinnevely, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Strivilliputtur, 16th March 1876, No. 172 :—

I HAVE much pleasure in reporting, for the information of the Board, a good rain fell in Tinnevely, and was probably general throughout the district. In anticipation of the sanction of the Board of Revenue, and to utilize the water that the tanks may receive, I have given permission to ryots to grow any dry crops on nunjah lands under rain-fed tanks and under agapat tanks, the crops of which have failed, at 1 rupee per acre, provided such crop is reaped by the end of the current fasli. I trust the Board will sanction this indulgence in consideration of the unfavorable character of the season.

THE Collector should have adhered to the rule laid down in Clause 2 of the Rules embodied in Circular Order No. XX. of 1872, under which the highest dry rate of the village should have been charged. As, however, he has given permission to cultivate on payment of rupee 1 per acre, provided the crop is reaped within the current fasli, the Board confirm his action.

(A true Copy and Extract.)

(Signed) C. A. GALTON,
Acting Secretary.

14. Letter Dated 29 Decr. 1875
Note

In No 7 Decr 1872 No 1651 Para 4, it was declared
that in rule allowing the charge of only the highest dry
rate of the village on lands cultivated with dry crops
in exceptional years, should not be taken to apply
to District newly settled. Tinnevely has been newly
settled, & yet the rule is still in force to apply in rule - 1876
