*Proceedings of the Madras Government, Revenue Department,
1st May 1876.*

No. 8. Read the following Proceedings of the Board of Revenue, dated 27th April 1876, No. 1,117 :—

Read the following letter from R. W. BARLOW, Esq., Collector of the Chingleput District, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Red Hills, 24th April 1876, No. 236.

IN continuation of the recent correspondence on the subject of the Ennore Bar, I have the honor to forward, for the information of the Board, copy of a further communication from the Superintending Engineer on the same subject.

ENCLOSURE No. 1.

From Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to R. W. BARLOW, Esq., Collector of the Chingleput District, dated Manimangalam, 21st April 1876, No. 192.

IN reply to your No. 164, of 19th instant, I have the honor to inform you that I sent orders on the 13th instant to the Range Officer to arrange for the re-opening of the Ennore Bar at next new moon (24th instant).

2. I have already pointed out that it appears from the gauge that we are doing very little good, as the water has fallen very much in the river, even during the 2½ months that the mouth was open; the supply cannot improve the navigation, as it is but very little that can possibly get in at each tide compared with the large basin needing to be filled.

(True Copy.)

(Signed) R. W. BARLOW,
Collector.

THE ryots were induced to manufacture on the understanding that the Bar would be opened; and, although the supply received has not been great, matters would certainly have been worse had the work not been undertaken. The Board are of opinion that it should proceed at all events until after the next full moon. Water was admitted on the 23rd and 24th instant.

(True Copies and Extract.)

(Signed) E. GIBSON,
Acting Sub-Secretary.
