*Proceedings of the Madras Government, Revenue Department,  
9th May 1876.*

No. 74. Read the following Proceedings of the Board of Revenue, dated 3rd May 1876, No. 1,164:—

Read the following letter from R. W. BARLOW, Esq., Collector of Chingleput, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 2nd May 1876, No. 248:—

I HAVE the honor to request the instruction of Board on the following point:—

No. II of the Remission Rules, contained in Board's Standing Circular Order No. 137-1, lays down that "in districts which have not been settled by the Settlement Department partial remission of the assessment on irrigated land will be granted when partial loss of crops is occasioned either by excess or by deficiency of water, &c." This would imply that such remissions are not to be extended to the sixty-nine villages where the new settlement is to be introduced in the current fasli. The villages under the Red Hills Tank, which comprise a portion of these and where the supply of water has been ample this year, do not require any such remission, but the remainder have suffered as heavily as other villages in the taluq where the indulgence has been granted, and I think it would press hardly on the ryots to withhold it in an exceptionally bad season like the present. The beriz of these villages too, I should add, was not materially affected by the introduction of the new settlement. As I am now actually settling these villages, I shall be glad of a reply by return of post or as soon as possible.

THIS being the first year of the operation of the new settlement and the season being unfavorable, the Board have no objection to the villages in the tract referred to, which are not under the Red Hills tank, being treated in the same manner as other villages in the taluq similarly affected by the season, but it must be distinctly understood that the concession cannot be granted in future.

to  
C. A. Gallows Esquire

Acting Secretary to the  
Board of Revenue  
Madras

Sir

I have the honor to  
request the instruction of  
Board on the following  
points.

No. II of the remission  
rules contained in Board's  
Standing C.O. No. 137 lays  
down that "in Districts  
which have not been settled  
by the Settlement Department,  
partial

partial remission of the  
assessment on irrigated  
land will be granted when  
partial loss of crops is  
occasioned either by floods  
or by deficiency of water &c."

This would imply that  
such remissions are not  
to be extended to the 69 vil-  
lages, when the new settle-  
ment is to be introduced  
in the current <sup>year</sup> ~~year~~. The  
villages under the Red Hills  
Tank, which comprise a  
portion of these and where  
the supply of water has  
been ample this year do  
not require any such  
remission, but the re-  
mainder have suffered  
as heavily as other villages  
in the Taluk, where the  
indulgence has been granted;  
and

and I think it would press  
hardly on the ryots to withhold  
it in an exceptionally bad <sup>year</sup> ~~year~~  
season like the present.  
The Beriz of these villages too  
I should add, was not  
materially affected by  
the introduction of the  
new settlement. As I am  
now actually settling  
these villages I shall be  
glad of a reply by return  
of post, or as soon as  
possible.

2<sup>d</sup> May 1876

This being the first year  
of the operation of the new  
settlement and the season  
being unfavourable the  
Board have no objection  
to

to the villages in the tract  
referred to, which are not  
under the Red Hills Tank  
being treated in the same  
manner as other villages  
in the Taluk, similarly  
affected by the season,  
but it must be distinctly  
understood that the  
concession cannot be
