Municipal—Loans.

No. 37. Read the following letter from A. O. HUME, Esq., C.B., Secretary to the Government of India, Department of Revenue, Agriculture, and Commerce, to the Acting Secretary to the Government of Bombay (General Department), dated Calcutta, 17th February 1876, No. 12:—

Municipalities.

I am directed to acknowledge receipt of your letters, Nos. 9909 and 9977, dated the 4th and 5th November last, submitting for sanction applications from the Municipalities of the towns of Mahād and Roha, in the Colāba Collectorate, for loans to the amount of Rupees 30,000 for each place for the purpose of carrying out projects for supplying those towns with water.

2. In reply I am to say that while, unless there should be any particular reason to the contrary, the Government of India desire to accept the opinion of the responsible officers of the Bombay Government as to the feasibility of schemes proposed to be carried out by means of loans made by the Imperial Government to Municipalities the papers received with your letters under reply do not sufficiently show that the soundness of the plans for carrying out the projects in question has been fully considered by the local officers of the Public Works Department or by the Public Works Department at headquarters.

3. I am therefore to request that, with the permission of His Excellency the Governor in Council, a report on each project, from both the local and the headquarters Public Works Department offices, course may be followed in transmitting such applications in future.

No. 1-14.

Copy forwarded to the Government of Madras with a request that a similar course may be followed in the case of all applications to the Government of India for loans to local bodies for the purpose of carrying out engineering projects.
