Proceedings of the Madras Government, Revenue Department, dated 5th February 1876.

ABSTRACT.—Referring to the Board for early report telegram from Government of India requesting to know what sum will be required for 1876-77 for salt buildings debitable to Imperial Public Works Grant.

THE Board observe that in the lists of Salt Works entered in the Petty Construction and Repairs Budget for 1876-77 the Collectors, with the exception of Nellore, have omitted to note the works to be executed by Public Works Department. The Board, however, consider that the following works require professional supervision, and accordingly request that the amounts entered against them may be transferred to the Public Works Budget.
