Proceedings of the Madras Government
18th March

No. 292. Read the following letter
Assistant Engineer in charge
J. M. LINS. R.E., Joint Secy.
Irrigation, dated Nellore, 21st February 1876, No. 105:—

I HAVE the honor to request that an allotment of Rupees 1,481 may be made under the head of Capital, Ordinary, Agriculture, to cover the payment made on account of compensation for land taken up for the Chennur channel, vide G.O., No. 2,556, of 9th September 1874.

No. 293. ORDER THEREON, 18th March 1876, No. 706.

IRRIGATION, No. 24.

Account.

THERE being no funds available for specific appropriation, the payments which may have been made for land compensation, Chennur Tank supply-channel, must

be left to be covered by savings under Ordinary.

2. The District Engineer has not transmitted a land register, and the papers communicated with G.O., No. 2,556, of the 9th September 1874, do not show either the position, extent, or value of the lands for which compensation has to be paid. It is therefore not known whether the sum of Rupees 1,481 asked for is the whole amount due. Moreover, the proper course is to ascertain exactly what payments not covered by the original sanction for the channel have to be made, and to submit an estimate for sanction. If any funds will be needed in 1876-77 the District Engineer will have to make proposals for providing them at an early date.

3. The report on the requirements of the Chennur Tank channel, called for in G.O., of the 9th September 1874, No. 2,556, has not yet been received, and it should be submitted without further delay.

(True Extract.)

Amnath
Major-General, R.E.,
Secretary to Government.

To the District Engineer, Nellore.
" Chief Engineer for Irrigation.
" Examiner of Public Works Accounts.
" Revenue Department.
