The manufacture of earth-salt in Cuddapah, Bellary, and Kurnool, subject to
the payment of a license-fee imposed with reference to the estimated outturn of the
modas being legal, the Board are of opinion that its transport to another district
cannot be prevented, and they have already expressed this opinion in their Proceed-
ings of 19th March 1875, recorded in G.O. dated 16th April 1875, No. 604. G.O.,
dated 19th February 1868, No. 463, quoted by the Collector of North Arcot in support
of his view has no bearing on the present question, as the manufacture of earth-salt
at licensed salt works is not illicit, and such being the case its transport does not
infringe any provision of Regulation I. of 1805. The levy of a transit duty on earth-
salt imported into North Arcot is impracticable, as there is no law authorizing the

The Collector of Cuddapah should have stated what steps he took to ascertain the causes of the falling off in the salt traffic and should have made inquiries amongst the local salt dealers; but, as the reasons assigned by the Collector of Chingleput sufficiently account for the decrease, it does not appear necessary to institute further inquiries.
