populated. The registrations and receipts at each of these offices at present stand thus:—

|                     | Number<br>of<br>Amshoms. | Number of<br>Registrations. | Receipts. |
|---------------------|--------------------------|-----------------------------|-----------|
| Tellicherry ... ..  | 16                       | 5,015                       | 7,390     |
| Kuttiparamba ... .. | 12                       | 1,939                       | 2,282     |

The original registration work devolving on the Registrar at Tellicherry is thus apparently heavy, and this is one of the offices to which the Registrar's attention was pointedly called. But he explains that the documents brought for registration are generally very short, that no delay takes place in registering them, and that there are no arrears of work. And the Collector who has been consulted considers two registration offices quite sufficient for the small taluq of Kottayam. As a means, however, of somewhat reducing the work of the Registrar, and with the view of promoting the convenience of the people, it is proposed to transfer the three Amshoms of Kadirur, Penarai, and Kudali, now included in Tellicherry, to Kuttiparamba and Anjerakandi. The last-mentioned village is eighteen miles from Tellicherry but only four from Anjerakandi. If these transfers are made, the position of the three Sub-Districts affected will stand thus:—

|                    | UNDER PRESENT ARRANGEMENT. |                          |           | UNDER PROPOSED ARRANGEMENT. |                          |           |
|--------------------|----------------------------|--------------------------|-----------|-----------------------------|--------------------------|-----------|
|                    | Number of Amshoms.         | Number of Registrations. | Receipts. | Number of Amshoms           | Number of Registrations. | Receipts. |
|                    |                            |                          | RS.       |                             |                          | RS.       |
| 1. Tellicherry ... | 16                         | 5,015                    | 7,390     | 13                          | 4,000                    | 5,976     |
| 2. Kuttiparamba..  | 12                         | 1,939                    | 2,282     | 14                          | 2,854                    | 3,655     |
| 3. Anjerakandi ..  | 5                          | 615                      | 1,048     | 6                           | 715                      | 1,198     |

The work of the Registrar at Tellicherry will still be heavy, and if registrations in that office increase hereafter as they have hitherto done, it will be necessary before long to reduce the size of the Sub-district still more, but at present I am not disposed to advocate any further change.

6. I beg to recommend the foregoing proposals for the approval and sanction of Government, and the usual draft Notification embodying the necessary alterations in the limits of the Sub-districts affected is submitted.

No. 160. ORDER THEREON, 27th March 1876, No. 577.  
The proposals are approved and the Notification will be gazetted.

Proceedings of the Madras Government, Judicial Department,  
27th March 1873.
