*Proceedings of the Madras Government, Revenue Department,
20th January 1876.*

No. 163. Read the following Proceedings of the Board of Revenue, dated 1st December 1875, No. 3,263 :—

Read the following letter from Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Madras, 19th November 1875, No. 5,531.

I HAVE the honor to forward, for the consideration of the Board of Revenue, a letter* from the Collector of Madura requesting that the Police guard sanctioned in G.O., No. 1,416, dated 25th September 1875, Revenue Department, to guard spontaneous heaps of salt at Kalimangundu, may be retained for a further period of six months, commencing from the 1st January 1876.

ENCLOSURE No. 1.

From H. W. BLISS, Esq., Acting Collector of Madura, to Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, Madras, dated Madura, 15th November 1875, No. 2,541.

WITH reference to G.O., dated 25th September 1875, No. 1,416, Revenue Department, sanctioning the employment of a Police guard till 1st January 1876 for guarding the heaps of spontaneous salt stored at Kalimangundu, I have the honor to forward herewith copy of a letter from the Salt Deputy Collector, No. 229, dated 6th instant, and to request that, under the circumstances therein set forth, necessary sanction may be obtained for the continuance of the guard for a further period of six months, commencing from 1st January 1876.

ENCLOSURE No. 2.

From P. SOOBIEN, Deputy Collector in charge of Salt Department, to H. W. BLISS, Esq., Acting Collector of Madura, dated Ramnad, 6th November 1875, No. 229.

WITH reference to the correspondence noted in the margin, I have the honor to request that sanction may be obtained for continuing the Police guard employed for guarding the heaps of spontaneous salt at Kalimangundu for a

further period of six months, commencing from 1st January 1876, under the following circumstances:—

2. Out of 30,096 maunds of salt obtained, a small quantity of only 118 maunds had been sold in August last. Subsequent to the receipt of the Board's Proceedings, dated 3rd September 1875, sanctioning a special discount for the sale, 7,111 maunds have been disposed of, leaving a balance in hand at the end of October of maunds 22,518. Taking the sales in September and October as a data, it may be presumed that the salt in hand could not be disposed of before six months. Even this period may be found insufficient, considering that the monsoon will not be over before the latter part of December, and that the carts find great difficulty in reaching the depôt.

3. The Superintendent of the division brings to notice another difficulty to the effect that the merchants begin to show reluctance to the purchase of the salt in question on the ground that it does not find a good market in towns, and suggests that sales in the other divisions should altogether be stopped until the store at Kalimangundu is exhausted. As I am now going to the division, I will submit a separate report on the subject if necessary, after a conference with the merchants.
