*Proceedings of the Madras Government, Public Works Department,
24th March 1876.*

No. 376. Read the following Proceedings of the Madras Government in the Revenue Department, dated 10th February 1876, No. 228 :—

No. 376-A. Read the following Proceedings of the Board of Revenue, dated 25th January 1876 212.

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., dated Chittoor, 18th December 1875, No. 681.

I HAVE the honor to state that a few weeks ago, I directed the Tahsildar of the Palamanair Taluq to inspect and bring me certain information regarding the new Sub-Magistrate's Cutcherry now being constructed at Venkatagherrikota, of which division he was then in charge. The Tahsildar who proceeded to the place returned to say that he was not permitted to enter into the building by the Public Works Department peon in charge of it, who first falsely informed him that he had not the keys of the building, and then said in a very insulting manner that, although he had the key, he would not comply with the Tahsildar's request, as he had no instructions from his superior to do so. I then in my letter, No. 541, dated 23rd ultimo, copy of which is herewith forwarded, brought the conduct of the peon to the notice of the District Engineer, who, in justification of the man's authority to inspect a building under construction by his Department. Copy of officer's letter, No. 3,225, dated 7th instant, on the subject is enclosed.

2. I am unable to agree with the revenue officer of the Tahsildar's position, that he has no authority to enter or to inspect a building that is under construction by the Public Works Department, for eventual use of the Revenue Department. On the contrary, it appears to me that revenue officials should have the freest right of access to such buildings in course of erection, for the purpose of making remarks they make would, in many instances, prevent future correspondence and alterations of the buildings after completion.

3. I have therefore the honor to request that you will be good enough to obtain an expression of the views of the Board of Revenue in this matter.

Enclosed

From W. S. WHITESIDE, Esq., Collector of North Arcot, to Captain J. PENNYQUICK, R.E., District Engineer of North Arcot, dated 23rd November 1875, No. 541.

It has been brought to my notice by the Tahsildar of the Palamanair Taluq, that a few days ago when he was at Venkatagherrikota, of which division he is in charge, he proceeded to inspect the new Sub-Magistrate's Cutcherry now being built there; and finding the peon in charge to open them, but was refused. On inquiry, it was found to be false, and the peon was at once found to be insolent in manner that it was true he had the key, but no instructions to allow the Tahsildar to enter.
