Port-dues on Foreign Vessels.

No. 4. Read the following letter from A. O. HUME, Esq., C.B., Secretary to the Government of India, Department of Revenue, Agriculture, and Commerce, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Calcutta, 4th December 1875, No. 389:—

Commerce and Trade.

With reference to your letter, No. 320, dated 20th September 1875, on the subject of the assessment of the tonnage of foreign vessels for the payment of tonnage dues at British Indian ports, I am directed to forward copy of a Notification issued this day, and to state that the Honorable the President in Council is of opinion that Rule 4 of the Regulations issued in Notification, No. 15, dated the 31st January 1873, should be applied, so far as the arrangement in each case goes, to French, German, Swedish, and Spanish ships in British Indian ports.

2. The Honorable the President in Council also considers that, with reference to Rule 3 of the Regulation above referred to, any ship not belonging to the nationalities above mentioned should be relieved from the requirement of a measurement certificate, provided that the master of the vessel is able to produce evidence that the ship has paid dues upon a certain tonnage in a port of the United Kingdom within a period of two years from the date at which tonnage dues are demanded in British India. In such case the vessel should be passed for assessment at the tonnage on which she has so paid dues in the United Kingdom, provided that (1) she has not been altered within the period to an extent interfering with her original capacity, and (2), that stores, cargo, or passengers are not carried in any space which has not been included in, or which has been deducted from, the gross tonnage.

3. These observations should be communicated to Conservators of Ports under the Indian Ports Act, 1875, as suggestions for their guidance in taking action under Section 51, Clause (b.) of the Act.
