of medical establishment, which heretofore appeared in the municipal accounts, have now been omitted (*vide* paragraph 6 of G.O., No. 164, dated 28th January 1875). Hence the difference.

4. *Fees*.—The increase under this head arises chiefly from the increased number of licenses that are now being obtained for offensive trades under Sections 199 and 191 of the Act and for marriage pandals and summer-sheds under the existing bye-laws.

6. *Contribution from Local Funds*.—This item includes grants from Local Funds towards the maintenance of the dispensary and roads and the special sanitary arrangements annually made during the celebration of the principal feast in Srirangam. The difference of Rupees 1,000 was the balance of the promised contribution towards the construction of the dispensary and hospital buildings provided for in the estimates of 1875-76.

	RS.
1875-76	4,000
1876-77	8,000
Increase	1,000

7. *Miscellaneous*.—The small increase under this head occurs from the sale-proceeds of medicines and unserviceable public works tools which were not foreseen and therefore not provided for in the estimates of 1875-76.

8. *Charges*.—*Grant II*.—The increase under this head arises from the establishment of five municipal schools in the town for the advancement of systematic elementary education. The Commissioners have provided for only one teacher for each school, and as the necessity develops itself they are prepared to raise the strength of the teachers as well as the number of the schools; provision has also been made for results grants at the end of the year at half the rates prescribed by Government. The budgets provide also for results grants to the existing pial schools and for the employment of a mistress in the girls' school to train the pupils in sewing.

9. *Grant III*.—The decrease occurs in the item "Hospitals." The amount has been calculated in accordance with the present actual requirements and the exigencies of the town in other branches of improvement. Should necessity present itself the Commissioners are fully prepared to make good this deficit from general savings. The budget provides for the employment of a midwife.

10. *Grant V*.—The salary of the office Head Clerk or Manager has been raised from Rupees 20 to 22.

*Proceedings of the Madras Government, Financial Department,
10th April 1876.*

2. The variations in the receipts and charges present no noticeable features, and the budget is passed. A formal application must be made through the Director of Public Instruction for the grant towards cost of the girls' school proposed to be established with reference to G.O., dated 16th December 1874, No. 2111. The amount can, however, stand in the budget. The Government note with approval that an increased allotment is made for education, and that the Commissioners are prepared, if the necessity arises, to make still further concessions. The employment of a midwife is sanctioned, as also the increase to salary of the Head Clerk of the Municipal Office.
