*Proceedings of the Madras Government, Judicial Department,
8th April 1876.*

Taluq Cutcherries.

No. 85. Read the following Proceedings of the Board of Revenue, dated 17th March 1876:—

Read Proceedings of the Madras Government, Judicial Department, dated 19th February 1876, No. 310, regarding the plan for Deputy-Collectors' Cutcherries approved with certain modifications and forwarded to the Board of Revenue for any remarks they may wish to offer.

The Board observe that, in directing a modification of the proposed standard design for Deputy-Collectors' Cutcherries with a view to afford more space for records, Government appear to have overlooked the alterations directed in G.O., dated the 19th April 1872, No. 636, when the same plan was submitted for their approval. It was then ordered that the records should be placed in the room designed for a Sheristadar, which is not wanted for that purpose. The room in question, which is fourteen feet by twelve feet, will afford the space required and will obviate the necessity for closing in a portion of the veranda, which would have an unsightly effect. It was also directed, in the order already quoted, that the Deputy-Collector's private room should be given up, a waiting-room and the record-room converted into a private room. The Board would however retain the room designed for a private room for that purpose, as securing greater quiet and privacy. The record-room, twelve feet by nine feet, will afford sufficient accommodation for a waiting room, and this change of arrangement will admit of the addition of a bath-room in rear of the private room and, whilst supplying a want, will not affect the appearance of the building.

(True Extract.)

(Signed) C. A. GALTON,
Acting Secretary.

No. 86. ORDER THEREON, 8th April 1876, No. 683.

Under the Board's explanation no alteration need be made in the proposed design for a Deputy-Collector's Cutcherry, save that if the "Sheristadar's" room is to be used for records, and the "Record" room for a waiting-room, the door communicating between these rooms should probably be built up, and an entrance from the Courtroom be provided. A porch should, as suggested in G.O., dated the 19th February 1876, No. 310, be added to the entrance.

2. The Governor in Council does not approve the addition of a bath-room to the "private room."

Cutcherries.

No. 110. Read the following letter from Captain R. THOMPSON, R.E., Officiating Consulting Architect to Government, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, Fort St. George, dated Chopank, 28th January 1876, No. 334:—
With reference to G.O., No. 134, dated 24th November 1870, and the last paragraph of G.O., No. 167, dated 23rd September 1875, I have the honor to forward a design approved of in G.O.,

*Enclosure.
One Plan.*

No. 1807, dated 19th November 1870, of the Revenue Department, and proposed to be adopted as a Head Assistant Collector's Cutcherry at Arconum, and for the Deputy Collector's Cutcherry at Gudiatum.

2. The same design was submitted for a Deputy Collector's Cutcherry at Trikalore and approved in G.O., No. 636, dated 19th April 1872, of the Revenue Department, communicated with G.O., No. 257, dated 26th April 1872, of the Public Works Department, with the alterations contained in paragraph 2 of the former Government Order.

3. It will be observed from paragraph 4 of G.O., No. 1976, dated 9th September 1875, of the Judicial Department, that the design for the Head Assistant Collector's Cutcherry may be modified in accordance with that of the Sub-Collector's Cutcherry.

4. I have the honor to request to be informed whether the detailed drawings and estimates of the accompanying plan are to be prepared for circulation as the standard design for Deputy Collectors' Cutcherries.

Transferred to the Judicial Department with reference to the Order in that Department, No. 1976, dated 9th September 1875.

Fort St. George, 5th February 1876. (Signed) G. W. WALKER, Major-Genl., R.E.,
Secretary to Government, P.W.D.

No. 111. ORDER THEREON, 19th February 1876, No. 310.

The Government consider that the projection of the roof should be extended at the two ends of the building so as to form a wider verandah at these points, and that the verandah immediately in front of the Record-room should be thrown into that room so as to afford more space for records, the side entrance to the Court room being closed. A porch should be added to the entrance.

2. Otherwise the plan is approved and will be sent to the Board of Revenue for any remarks they may wish to offer.
