Famine Relief.

No. 352. Read the following Proceedings of the Board of Revenue, dated 5th March 1877, No. 1,029:—

Read the following letter from C. T. LONGLEY, Esq., Collector of Salem, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Admancottah, 25th February 1877, S.N. No. 693.

I HAVE the honor, in forwarding a copy of a letter from my Sub-Collector, to request the Board will obtain the early sanction of Government to the Pennagondapuram tank repairs. It is a work which will provide employment for a large number of persons for whom employment will in a few days be most urgently needed. The minor works which have given relief employment during the last four months are coming to a close, and matters will be very critical in this taluq, from whence I am now writing, unless we have some big work like Pennagondapuram to which to send applicants for work. It will be observed from the Sub-Collector's letter that the plans and estimates have been submitted. Early orders are respectfully solicited.

ENCLOSURE No. 1.

From F. WILKINSON, Esq., Acting Sub-Collector, to C. T. LONGLEY, Esq., Collector of Salem, dated Oosoor, 23rd February 1877, S.N. No. 183.

With reference to your No. 651-438, of the 20th instant, I have the honor to request you will again move Government to sanction at an early date the repair of the Pennagondapuram tank, plans and estimates of which have been submitted.

2. The works enumerated in the list which accompanied your letter will not afford employment to any large number of laborers, as in a great majority of cases the works are for the repair of sluices, calingulahs, and such like works.

3. It is becoming more and more difficult for me to find work for the people of the subdivision. The roads which were undertaken are approaching completion, and, unless one or other of the major works are sanctioned, it will be impossible by means of the repairs of wells, guntahs, village road, or other petty village improvements to find employment for the numbers who seek it. I have found employment for the people since October last, and I do not think that any one willing to earn a day's wage has found any difficulty in doing so, but as I said in my letter, No. 50, dated 17th ultimo, the works taken up will be completed by the end of this month, and, except the major works referred to, I know of no work which will afford employment to any large number of people.

(True Copy.)

(Signed) C. T. LONGLEY,
Collector.

SUBMITTED to Government with reference to Board's Proceedings, dated 26th January 1877, No. 322, and 20th February 1877, No. 737, and with request that early orders may be passed.

2. The work is described as a repair work, and if so, might be proceeded with under G.O., dated 13th January 1877, No. 111, Financial Department; but from the description it seems to be rather a restoration, and orders on the estimates should be awaited.
