Famine Relief.

No. 386. Read the following Proceedings of the Board of Revenue, 9176 ON 2281,
March 1877, No. 1,059:—

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to
H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 27th
February 1877, No. 132.

IN forwarding copies of correspondence which has passed on the subject of the
loss of Government money from the office of the Assistant Famine Officer at Bellary,
I have the honor to solicit the orders of the Board as to its recovery.

2. The reports evince such gross carelessness on the part of all concerned that
it seems impossible to exonerate them from the responsibility of making good the
amount.

3. With regard to Mr. Lawford, I have to say that he is young and inexperi-
enced, and had only held charge of the office for a very few days, *i.e.*, since the depar-
ture of Mr. Agar to Cuddapah about a fortnight ago.

ENCLOSURE No. 1.

Docket from Lieut.-Colonel ~~W. H. G. W. W. W.~~ on Special Duty, to the Collector of Bellary, dated

Has the honor to forward for information letter, No. 369 (to be returned), dated 12th
instant, from the Assistant Famine Officer, reporting a theft of Rupees 214-12-0 from his office.
The Superintendent of Police has been requested to cause strict inquiries to be made in the matter.

Docket from J. H. MASTER, Esq., Collector of Bellary, to the Officer in charge of Relief Works,
Bellary, No. 457, dated 15th February 1877.

[His docket No. 412, dated 12th instant.]

THE undersigned has the honor to request further information with regard to the theft of
Government money in the Assistant Famine Officer's Cutcherry. Who was the person in
charge? Who secured the box? In whose charge was it left? What arrangements were made
for its safe custody? The enclosure is returned; it should be retransmitted.

Letter from Captain R. G. BRIGGS, Acting Superintendent of Police, Bellary, to the Officer in
charge of Famine Relief Works, Bellary Taluq, dated 17th February 1877, No. 148-185.

WITH reference to your official, No. 509, dated 12th February 1877, respecting the theft of
money from the Relief Works Office, I have the honor to suggest that cash balances remaining
after each day's payment be sent to the Taluq Cutcherry for proper security, the box containing
such balance, if properly locked and sealed, would be taken charge of by the Police.

You are aware that in the case in point the abstraction must have been effected by people
who in their official capacity had access to the room and box. There were no signs of violence on
the lock of the door, which had evidently been opened with a key, and as the lock is said to be
a good one of English make, there was all the less chance of its being forced or opened except by
its own key.

I regret that such delay should have arisen in the discovery of the offence, as the prospects
of detection are thereby materially lessened.

*Proceedings of the Madras Government, Revenue Department,
12th March 1877.*

ORD, Esq., Assistant Famine Officer, Bellary Taluq, to Lieut-
Y, on Special Famine Duty, Bellary Taluq, dated 17th February

endorsement dated the 15th instant, on letter from the Collector of
I have the honor to report as follows:—

The money was in charge of C. Venkata Runga Row Naidoo, the Head Store-keeper of
this office. The box has been on the previous evening locked by him and left as usual in the
office. The box was not left in the custody of any particular guard nor were any special
arrangements made.

There were four night-watchmen until the Office and Tool Departments were removed to
the building opposite to the Taluq Cutcherry from the temporary shed erected by the side of it.

The position of the present building was considered sufficiently safe, and the services of the
night-watchmen were dispensed with by Mr. Agar on the 4th January last. It was not
intended that large sums should be kept in the office except the undisbursed balance of the
permanent advance of Rupees 10, for which no special guard was considered necessary.

But on the present occasion the large amount lost was the amount of security pledged by
the new contractors forwarded by me to be deposited in the treasury with my letter, No. 358,
dated 9th instant, and which was returned with your instructions that evening. The Store-
keeper reports that, whenever there were any surplus of cash on hand they were left here and were
quite safe.

Memorandum from Lieut. Col. W. HOWEY, on Special Famine Duty, Bellary Taluq, dated 17th
1877, No. 483.

I have the honor to forward a copy of Police Superintendent's letter, No. 148-185, dated 17th
to request that the cash-chest may hereafter be sent to the Taluq Cutcherry for
proper custody as suggested by him in paragraph 1 of the above. The Assistant Famine Officer
will also be good enough to report what progress has been made in the investigation of theft.
He will take the Store-keeper's written explanation in the matter of the theft and submit to
this office.

Letter from G. M. LAWFORD, Esq., Assistant Famine Officer, Bellary Taluq, to Lieut.-Colonel
W. HOWEY, on Special Famine Duty, Bellary Taluq.

In acknowledging the receipt of your office memorandum, No. 483, dated the 19th instant,
and a copy of the letter from the Superintendent of Police therein enclosed, I have the honor to
state that I am not aware what steps have been taken by the Police Department in the
investigation of the matter of theft referred to. The Police Inspector and a few Constables came
to this office on the morning of the 13th instant, and after looking at the door and the box and
taking from the Store-keeper the necessary information went away. A few hours after which
two Constables came here again and took a statement from the Store-keeper. Another detailed
statement was taken on the morning of the 14th, and there is an end of it.

2. I have, however, made all endeavors to trace it out by departmental inquiries, and I
regret to state I was not able to get any information in the way of detection; but I am satisfied
that the money was placed in the box in the presence of the Head Clerk, the Duffadar, and
many of the men working in the Store Depot, carpenters, coolies, &c., and locked up by the Store-
keeper and left in the office as usual. I think that, if a sufficient amount of professional skill had
been displayed, we could have hoped at some prospects of detection.

3. It may be, as the Superintendent points out in paragraph 2 of his letter, that the abstrac-
tion might have been "effected by people who, in their official capacity, had access to the room,"
but in the absence of sufficient evidence, I am not prepared to say that such a crime could have
been committed by officers who in their official capacity had access to the "box" as stated by
the Superintendent.

*Proceedings of the Madras Government, Revenue Department,
12th March 1877.*

4. As to there being no signs of violence on the lock, I beg to submit that it is evidently
opened by a nail or an iron piece, as one of its component part inside is broken and
be were all the Carpenters, coolies, and the Office Peons, including Duffadar, present at the time,
and on entering in the office I found the cash-box forced open and the money missing. By this
time your Honor came in and I spontaneously reported the circumstance to your Honor.

In conclusion, I beg to state that whenever larger balances remained on hand, which on
several occasions had remained by way, amounts due to the Railway Company for stores
brought, salaries to the different roads, advances to the Hospital Assistants, amounts of
contingent bills, and so on, they were kept here and were all quite safe.

I beg to enclose herein a printed copy of the testimonials given me by the several gentle-
men under whom I had the fortune of serving hitherto for your kind perusal.

4. As to there being no signs of violence on the lock, I beg to submit that it is evidently opened by a nail or an iron piece as one of its component part inside is broken and can clearly be seen. I have secured it in my own drawer since that day and if required I will forward it for your inspection. It is a very ordinary one many of which pattern are available at any time in the Bazaar and amongst many houses for household purposes.

5. I may here remark that a circumstance which is evidently unfavorable to the arguments adduced

10/10/91
adduced by the Superintendent in his letter has been omitted therein viz that of the lock of the box being tampered with and the ~~lock~~ ^{back and staple} ~~unbroken~~ to pieces. As I laid the box before you for your inspection this morning, I have thought it not necessary to send it up to you again officially.

6. As to the delay complained of by the Superintendent in his letter, I beg to state that not a moment was lost in reporting the matter to the nearest station officer in the Taluk Cutcherry who said that he had nothing to do with it and pointed to me to do with it and pointed to me out a station in the interior of the town and I thought it safe to have it reported to you, and through you to the Superintendent of Police, and it was

was done so.

7. I beg to enclose the written explanation of the Store-keeper as directed and I have no doubt, that money was kept here under the circumstances stated by him.

8. It may not be deniating to state that the Store-keeper, who has lately been promoted was held in high estimation by Mr Agar under whom he was placed by Mr Price, having been recommended to him by Mr Legatt the D^t Engineer. He is an Old servant and secured good testimonials from several Officers under whom he served.

To G. C. M. Lawford Esquire
Asst^t Famine Officer

Most respected Sir,

I beg respectfully to submit my explanation on the theft that took

took place in the Store Department as directed.

I beg to state that about the 6th of January 1877 i.e. a month nearly after I was entertained as Storekeeper, I was directed to take charge of the Service Postage Labels, Receipt Stamps and the permanent advance of Rs 10 Ten, and a box was given to me to secure them and from that time all amounts received late in the evening at the Office were secured in the said box and kept in the Office building of which the doors are locked at night and the keys kept in my possession. In the present instance the 200 Rs brought by the Cart Contractors on the 19th instant as it was Security and I was directed by the Manager to secure it and which was accordingly kept together with the other balance which

which was (in a separate bag)
already kept in the box. On
the 16th instant, he ordered me
to send the 200 Rs to the H^d Office
together with a letter written
from this office and which was
accordingly done. About 6 $\frac{1}{2}$ P.M.
Duffadar, Peersale, having brought
the amount back together with a
letter to your address, I was di-
rected by you and the H^d Clerk
to secure the amount and so I
took the money and kept in the
box in the presence of H^d Clerk
C. Rethnum Noodalyar, Duffadar
Peersale, Cart Contractor Kajahoy
and all carpenters and coolies
working in our Department about
2500-2600 in number, and all assembled
in the Office room to give an
account of the work turned
out by them. All these men are
aware that money was kept here
as the box was placed by my side
and

And these men were standing before
me. At about 7 in the night, Office
was closed. Peon Audica saraloo
locked the doors and delivered
the key to me. Raghavandra Row,
Marayanappa, and Marayanappa
were present at the time and
followed me. Before going I pulled
the lock and saw it was properly
locked.

The next day 11th Sunday, I attended
the office at about 7 $\frac{1}{2}$, and the
doors were opened by Peon, Gyed-
kashahote, other peon, and
Tooparty Gopinade, Gacool-sale, and
Chashaly were present at the time.
Raghavandra Row, Marayanappa,
and all other Settlement Gos-
mastahs also came to the Office
a few minutes after the doors were
opened. We were all working till
12 O'clock. We all went home to-
gether as usual after the doors
were locked up by Peon Lutchmanna
who was waiting upon us till that
time. I saw the box all right that
day.

day but had no occasion to open.

The next morning when I came to the Office about 6.30 A.M. I found from a distance, the doors opened. On my coming near I found the Padlock lying on the steps and the doors opened. There were all the Carpenters, Coolies and the Office Boys including Duffadar present at the time and on entering in the Office I found the Cash-box forced open and an empty box. By this time your honor came in and I spontaneously reported the circumstance to your honor.
