No. 430. ORDER THEREON, 13th March 1877, No. 1,065.

Miscellaneous.

WITH the Proceedings above read the Board forward a "very rough" estimate, for completing a road 16 miles long from Nandial to Gadivemula, for the sanction of Government. From the Special Assistant's letter of the 19th February, No. 124, it seems that the work is in progress and "cannot be stopped pending the receipt of the Government sanction;" also that the estimated value of the work done is 10,000 Rupees. It is therefore not improbable that by this time the expenditure on the road is about double that amount, and under these circumstances the Government have no alternative but to sanction, the estimate, but expect the Special Assistant Mr. Gibson will complete the road within the amount detailed in it.

Proceedings of the Madras Government, Revenue Department,
13*th March* 1877.

2. As many of the able-bodied coolies on the road as possible should be transferred to the East Coast Canal.
