Famine Relief.

No. 566A. Read the following Proceedings of the Board of Revenue, dated 10th March 1877:—

Read Proceedings of the Madras Government, Revenue Department, dated 3rd March 1877, No. 917.

Ascertain... Directing that great care be taken in regard to the preservation of the lives of the poor left in villages who cannot work, and who would die if left unaided.

COMMUNICATED to all Collectors of distressed districts, who will at once take the subject into consideration and frame organisation for village inspection and relief throughout their districts.

2. Where the functions of superior inspecting officer cannot be discharged by the Tahsildar or superior officer in charge of the taluq, a special officer must be appointed; and to each of the circles into which it may be considered advisable to divide the taluq an officer of the class of Revenue Inspector should be nominated. The duty of these Circle Inspectors will be to see that no persons who are helpless and unable to work and destitute are left unrelieved by the village headman; that no unfit persons are relieved; and that frauds are not committed.

3. Collectors will submit to the Board at the earliest possible date statements showing the strength, cost, and distribution of the establishments they propose to entertain in view to carrying out the orders of Government; and are authorised, if they think fit, to take on the establishments in anticipation of the Board's sanction.

4. They will, as required by paragraph 5, report at the same time what measures they have hitherto taken under the former Government Order, and will include the establishments entertained for village relief and inspection as a separate class in the establishment returns to accompany the weekly relief reports.
