*Proceedings of the Madras Government, Revenue Department,
22nd March 1877.*

Famine Relief.

No. 681. Read the following Proceedings of the Board of Revenue, dated 19th March 1877, No. 1142.

Read Proceedings of the Madras Government, dated 1st March 1877, No. 336, Revenue Department.

ABSTRACT.—Stating that under G.O. of 15th February 1877, No. 681, funds for the payment of the work of embanking the Cheyaur should be provided by the Collector of Cuddapah, unless the work is specially exempted from the operation of that order.

THE Board submit that by G.O., 13th January 1877, No. 116, Financial Department, the carrying out of the work by the Railway Engineer Mr. West was sanctioned, and the Collector was ordered to place the sum of Rupees 20,000 at the Company's disposal, as this arrangement would facilitate the execution of the work.

2. Probably Mr. West might be able to introduce the scale of wages and task-work system prescribed by orders now in force; and if this is considered desirable orders should be issued through the Consulting Engineer. But the Board think it would be better to declare the work an excepted one.

3. It is submitted that G.O., 15th February, No. 681, does not apply, as it relates only to work undertaken under the Public Works Department, which this is not.

No. 682. ORDER THEREON, 22nd March 1877, No. 1,180.

Miscellaneous.

THE Government observe that the commencement of the Cheyaur embankments under the direction of Mr. West was sanctioned by G.O. of the 20th December 1876, No. 3,504, Public Works Department, and not by the Government Order in the Financial Department quoted by the Board, and the entire outlay on them was directed to be charged to Famine Relief in the first instance.

2. The embankment on the right bank of the river only is, however, now in progress, and is a relief-work, but has not been exempted from the operation of G.O. of the 31st January 1877, No. 329. The Government, however, are aware that the work is being so well supervised by Mr. West that they agree to the Board's suggestion to exempt the embankment from the operation of the said Government Order. Existing arrangements will therefore continue.
