*Proceedings of the Madras Government, Revenue Department,
23rd March 1877.*

No. 752. Read the following Proceedings of the Board of Revenue, dated 7th March 1877, No. 1,067:—

Read the following letter from A. RAMACHENDRA RAU, Deputy Collector, to R. DAVIDSON, Esq., Acting Collector of Kurnool, dated Nundial, 7th February 1877, No. 11.

With reference to my letters noted in the margin, I have the honor to request you will be pleased to obtain the sanction of Government for the retention of Y. Subba Rau as Accountant of the Special Department until such time as his services may be required for the transaction under me of the irrigation duties which are very pressing in consequence of the peculiarly distressed state of the district. Canal water has been supplied to a large extent for saving the dry crops in various parts of the district, and the special accounts in connection with this supply to every village under the canal are pouring in at a rapid rate from the Company's Chief Engineer's office. These as well as accounts of wet and garden cultivation under the canal, which will be finally passed at the water-rate settlement, have to be scrutinized; the necessary orders to the taluqs for these returns have to be prepared and the correspondence to the higher authority connected with the canal affairs to be kept.

2. Y. Subba Rau, who has been in the department from nearly sixteen years, was promoted to the rank of 1st-class Revenue Inspector of Sirwell Taluq (salary Rupees 50 per mensem for special establishment in the Deputy Collector's office in connection with the Irrigation Company's Canal, and for the continuance of the special batta allowed to the Deputy Collector by G.O., dated 8th June 1874, No. 701, for six months from 1st January last.

2. The large increase in cultivation under the canal in the present fasli renders the establishment absolutely necessary, and the Board request the sanction of Government to the Collector's proposals.

Miscellaneous

The Collector's proposals as specified in paragraph 1 of the foregoing Proceedings are sanctioned, except that the continuance of establishment for six months appears unnecessarily long, and it is only sanctioned for three, in which time accounts referred to should be closed.

ment, as a few more plans may by the time the water-rate settlement is over be disposed of concurrently with the present additional work.

6. I request you will be pleased to apply for the sanction of my special allowances (permanent batta and mileage) hitherto allowed me (till 31st December 1876) under G.O., No. 121, dated 15th January 1876, as the special duties* require greater amount of travelling to any officer transacting such duties.

7. If sanction is applied for, I request that it may be obtained with retrospective effect from the 1st January last, as I have nevertheless been transacting the special duties with the special Accountant above named.

No. 181.

SUBMITTED for the favorable consideration of the Board of Revenue. The cultivation under the canal this year having been unprecedentedly large, the examination of the accounts connected therewith and the settlement of the water-rate cannot be conducted by the Deputy Collector without additional aid. No one can be spared from the Collector's office which can hardly keep pace with the unusually heavy and increasing work thrown upon it.

KURNOOL,
24th February 1877.

(Signed) C. A. BIRD,
Collector,

From Collector, No. 78, dated 13th ultimo. Rupees 30), and was retained for six weeks with your sanction for the closing of the special report and arrangement of records for final despatch to your office, but under present circumstances, as his services are required at least for six months till the water-rate settlement is closed and the demands between the Company and the Government are finally adjusted, I solicit that a salary of Rupees 35 per month may be allowed to him as Accountant of the Special Department up to the end of June next, and permission given to me for employing a substitute for him in the taluq of Birwase for the office of 1st-class Revenue Inspector. This will be giving him an increase of only Rupees 5, which is not much considering the heavy work devolving upon him. An English Clerk on Rupees 15 a-month will also be necessary to copy the letters, the returns and the compensation registers till the water-rate settlement; but if one could be spared from your office this item of expenditure may be saved. The old English Clerk who had been drawing 18 Rupees a-month has left my establishment and taken up a post of 25 Rupees in the office of the Company's Chief Engineer, while the peon has been provided for in my permanent office establishment owing to the lapse of the Government sanction.

3. The total amount for which sanction will be required, inclusive of the English Clerk, will be Rupees 50 a-month, which is equal to the sum hitherto allowed to the special establishment till 31st December 1876.

4. If an English Clerk is spared from your office the sanction need not exceed Rupees 35 or 15 Rupees less than the usual special establishment.

5. If this sanction is obtained, I request your permission to defer the submission of my final special report alluded to in my letter, No. 1, dated 6th ultimo, and which has no connection with the present application of sanction of special establish-
