*Proceedings of the Madras Government, Revenue Department,
13th January 1877.*

No 273 Read the following Proceedings of the Board of Revenue, dated 8th January 1877 —

Read Relief Report from the Nellore District, dated 31st January 1877, for the week ending 30th December 1876

The Nellore Relief Report for the 30th December will be submitted to Government in continuation of Board's Proceedings, dated 6th January 1877, No. —. The returns are forwarded in original with a taluqwar abstract

2 Prices of the four principal grains have risen slightly. Prices are highest in Udayagiri and in the southern part of the district, and lowest in Ongole. There was no rain in the week

3 The grant to the district amounted to Rs 1,53,000. Estimates and specific appropriations appear to be made in a few cases only. The works in progress are almost entirely roads. The outlay in the week on relief works was Rs 38,746, principally in the taluqs of Kandukur and Kavali, and up to the end of the week Rs 1,21,557. No works are in progress in the Ongole Taluq. The return does not embrace the East Coast Canal work, and the Collector should endeavour to obtain and enter particulars regarding it in future statements

4 The number of coolies employed was 43,853 against 37,268 in last week. The increase is chiefly in Atmakur and the southern taluqs of the Venkatagiri Zemindari. In the northern division of the Zemindari 1,208 and in the southern 3,058 coolies are employed. There were 20,156 men (46.0 per cent), 17,637 women (40.2 per cent), and 6,160 children (13.8 per cent) employed upon the works. The proportions in the previous week were 44.9, 41.6, and 13.5 per cent respectively

5 The wages prevailing in the district are now reported, but those paid to head coolies and to men, women, and children are not discriminated. The rates vary from 1 Anna to 2 Annas 8 Pies, in two taluqs only, Kamigiri and Kavali; no rates in excess of 2 Annas is paid. The Collector will show rates paid to the classes named above separately in next return

6 The sum of 2 Annas will purchase the following quantities of second-sort rice —

At the maximum price in the district (Udayagiri)	lbs 135
At the minimum price	190
At the average price	169

If 2 Annas is the rate paid to a man cooly in Udayagiri, the Collector should arrange to pay in grain in that taluq, and the time for grain payments has also arrived in

Gratuitous Relief — One thousand one hundred and eleven persons were being fed in five taluqs, of these 543 were in Darsi Division, where the number is the same as that on the works, and 400 in Kamigiri. The proportions of men, women, and children were almost equal. The outlay on gratuitous relief in the week was Rs 260 and up to the week Rs 491

8 The total outlay shown in the return was Rs 39,006 in the week and Rs 1,22,018 up to the end of the week.
