Miscellaneous.

HIS GRACE the Governor in Council observes that it is impossible for the Police to do more than they are now doing.

With the increasing distress and the occurrence of raids from the Nizam's territory their duties are becoming more onerous. His Grace, therefore, resolves to request His Excellency the Commander-in-Chief to increase the Military force stationed at Kurnool, if necessary, as the present detachment cannot be relieved of any of its duties by the Police.

It is to be reported for the Police to be more
vigilant in their duty and to be more
thorough in their search for the
criminals - if necessary, as they are to be
at present to be relieved of their duties by the
Police.

Officers. There are
12 depots on the steamy,
2 on the rail, & 15
on the New rail. It
is presumed that these
are not all occupied
simultaneously. That
40 is the total number
occupied on any one day.
How matters are managed
is that the men get
only about 200 lbs
out of the store
which is not clear.
From the statement
at the foot of the
distribution list it
seems that "Private
2 & on 43" represents
the amount of loaded
recessing 3rd by the
approximate amount.
It is not taken into
account that out of the
whole day spent on
guard the depots
can spend the greater
portion in attendance
posture.
It is not apparent
how many guards are
simultaneously

occupied in an exact
posture over the old fort.
Probably not more than 3.
at the most 4 - in
which case the number
on that post ⁽²¹⁾ might
be added -
