If the prosecution of these works, which are all sanctioned works, is necessary for relief purposes, the Collector may order them to be taken up. But they must be executed as famine relief works on relief wages and tasks, and not by the Department of Public Works in the ordinary way. The cost of the work done, estimated at ordinary rates, will be recovered from Local Funds. It is observed that allotments to Revenue Rs 000, are provided for these works.

THE Government will not withhold their sanction to the prosecution of these works as being urgently required as relief works, but desire it to be understood that, as a rule, the able-bodied poor in their neighbourhood requiring relief should be drafted to the East-Coast Canal. Those who cannot work should be cared for in relief camps or their own villages.
