3. The reason why I did not
give details in my letter No. 825,
of proposed expenditure in regard
to the full amount therein asked
for, was that I had not then
made up my mind about it,
but I will now do so.

4. There are
two lines of road, which it would
be very desirable to take in
hand. One is from Maduramun-

I find it would be $7\frac{1}{2}$ miles.

The cost of earth work including
tamping and turping would not
exceed Rs 400 a mile or in all

Rs 3000. Another is from Sogandi
(on the newly formed road to
Maduramangalam) to Kileheri.

The distance is $5\frac{1}{2}$ miles and

the cost would be about 2200.

I propose to commence the latter
first because it would afford
greater relief the people on the

high ground being a greater
distance than those occupying
lands along the Kanabakal which

is the line the former would take. In anticipation
I would afterwards take up the of your approval

first mentioned line. There I have directed
is no question about the great the Dy. Solsildar

have been recently marked
