Relief Works in Competeram Taluq, Chingleput District—Recording Proceedings of the Board of Revenue and connected Papers

9 Encls

I find would be 7½ miles
the cost of earth work including
tamping and turfing would not
exceed Rs 400 a mile or in all
Rs 3000 - Another is from Sogandu
(on the newly formed road to
Maduranmungalam) to Kilekeri
The distance is 5½ miles and
the cost would be about 2200.
I propose to commence the latter
first because it would afford
greater relief the people on the
high ground being in greater
distance than those occupying
lands along the Kambakal which
is the line the former would take
I would afterwards take up the
first mentioned line There
is no question about the great
utility of both in opening out

In anticipation
of your approval
I have directed
the Dy Tahsildar
to go on with the
work i.e Sogandu
to Kilekeri

12 2/4

Communication through that
part of the taluq Both lines
have been recently marked
out. I believe it is estimated by
the Range officer that the line
between Sogandu and Kilekeri
would afford relief to 700 or 800
people daily for 30 days
