Famine Relief.

No. 11-A. Read the following Proceedings of the Board of Revenue, dated 16th March 1877, No. 1,196:—

Read the following letter from R. W. BARLOW, Esq., Collector of the ~~Chingleput District~~, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Sadras, 8th March 1877, No. 155.

ADVERTING to the Proceedings of the Board of Revenue, No. 361, dated 30th January 1877, I have the honor to request that you will favor me with information as to whether the objection extends to short earth-lines, connecting important villages with the main lines of traffic, which I am inclined to view more as village improvements. Such work too affords the best kind of employment for local labor.

IMPROVEMENT of village tracks of the class described is a very useful kind of work and is not objected to or prohibited; but the preference should be given to repairs of irrigation works whenever possible. There are large numbers of such works requiring repairs in Chingleput.
