GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

20th February 1877, No. 634-A.

Municipal Budgets.

Read the following paper :—

No. 355-A. From H. SEWELL, Esq., President of the Municipal Commission, Srirangam, to the Chief Secretary to Government, dated 31st January 1877, No. 96.

I have the honor to submit the accompanying Budget Estimates of the Town of Srirangam for 1877-78.

2. The following is an abstract of the estimates compared with those of the preceding year :—

3. *Opening Balance.*—The Commissioners, after calculating the probable receipts and providing for the necessary expenditure in Regular Estimates, find that there is no balance to begin with in the ensuing year.

4. *Contribution from Local Fund.*—The increase under this head is due to the contract for lighting the Local Fund lamps over the Cauvery Bridge having been transferred from the Trichinopoly to this Municipality from April last (i.e., subsequent to the submission of the Budget for 1876-77).

	RS.
1876-77	3,600
1877-78	3,816
Increase	216

5. *CHARGES—GRANT I.*—The other items of receipts present no noticeable features; they are based on the estimates of 1876-77 and call for no remarks.

	RS.
1876-77	1,321
1877-78	968
Decrease	353

6. The decrease is owing to the Commissioners not having provided for any new works for want of funds.

7. *GRANT II.*—The increase under this head arises from the establishment of two additional schools under the combined system at an aggregate monthly cost of Rupees 27, and from the appointment of an Inspecting Schoolmaster on Rupees 15.

	RS.
1876-77	1,312
1877-78	1,750
Increase	438

There are already three boys' schools and one girls' school under the charge of the Municipality. The Commissioners have not provided grants under Result System Rules as all the P. S. Schools in the town are

being taken over by the Municipality for schools under combined system; should necessity arise, the Commissioners are fully prepared to make good any deficit that may occur, from general savings.

8. GRANT III.—The decrease occurs in the items "Hospital" and "Conservancy;" the amount has been calculated in accordance with the actuals of the past eight months and the requirements of the remaining portion of the year.

9. GRANT IV.—The Commissioners propose to provide twelve additional lamps on the road recently formed which runs from the south gate by the new bridge and joins the Madras trunk road near the Cauvery Bridge. Hence the increase of Rupees 100. There are at present 100 lamps. There is an increase of Rupees 200 increase is necessary towards the maintenance of cocoanut plants, the provision in the last Budget having proved inadequate. Rupees 72 have also been allotted towards the maintenance of pauper lunatics sent from this district to Madras in accordance with the proportionate division of cost sanctioned in G.O., No. 1243, dated 21st June 1876.

10. GRANT V.—The increase under this grant occurs in the payment of carriage allowance to the Vice-President under G.O., No. 1352, dated 29th July 1876.

11. The Regular Estimates referred to in G.O., No. 2126, of 27th November 1876, and the usual statements from Nos. I to II, with their enclosures, are herewith submitted.

No. 335-B. ORDER THEREON, 20th February 1877, No. 634-A.

2. The estimated receipts are very much the same as in the current year, and call for no remark in detail.

3. It is observed that for want of funds the provision for Public Works is reduced from Rupees 1,321 to Rupees 968. The increase of Rupees 438 to the allotment for Education is approved. The Government note that the Commissioners purpose taking over all the existing Results Grants Schools as schools on the combined system, and that as a consequence nothing is provided for Results Grants.

4. The Vaccination Establishment must be revised with reference to the new rules.

5. The Commissioners should reduce some of the allotments so as to provide a small balance in hand with which to meet the liabilities of the early part of the following year.
