Proceedings of the Madras Government, Public Works Department,
28th February 1877. *No.* 683.

No. 700. Read the following Proceedings of the Madras Government in the Revenue Department, dated 10th February 1877, No. 608 :—

ABSTRACT.—*Lands taken up for the Chembrambakam Project.*—Approving the settlement of the claims to compensation on account of —, and sanctioning the reductions in the peishcush and quit-rent of the several estates concerned. Requesting Public Works Department to issue orders regarding payment of money-compensation.

No. 701. ORDER THEREON, 28th February 1877, No. 683.

IRRIGATION, No. 72.
Account:

COMMUNICATED to the Officers concerned.

2. The Superintending Engineer will lose no time in completing the revised estimate for the Chembrumbakum Tank Project, and he will include therein Rupees 98,582 for compensation and Rupees 7,000 for interest. He will also take care to show, in the prescribed manner, the capitalized value of the assessment, Rupees 1,879-6-9, lost by the enlargement of the tank.

3. The Superintending Engineer will report, through the Examiner, what money out of the current year's budget provision for the project will be absorbed by work sanctioned for early execution, and the balance of the allotment will be considered available for the adjustment of compensation claims. The amount, however, will be extremely small, and the allotment for the Madras Water Works will, so far as not required for works, be made available to meet these claims.

4. The Examiner of Public Works Accounts will instruct the Superintending Engineer as to the way in which Rupees 2,000 needed for advances on account of compensation to two Shrotriem villages can be placed at the Collector's disposal for disbursement.

(True Extract.)
