*Proceedings of the Madras Government, Revenue Department,
15th January 1877.*

No. 297. Read the following Proceedings of the Board of Revenue, dated 29th November 1876, No. 2,998:—

Read the following letter from J. G. HORSFALL, Esq., Acting Collector of Madura, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 5th October 1876, No. 366.

With reference to the Proceedings of the Board, dated 24th August 1876, No. 2,998, I have the honor to state that the Postmaster-General does not require the sum of Rupees 222, allotted in paragraph 3 for the purchase of boxes and badges for the use of the District Post-peons in this district, as a large supply of

Proceedings of the Board, dated 31st March 1876, No. 892.

that the amount may be utilised by the employment of three more peons in the Periakolam Taluq, where the present staff of peons is stated to be insufficient to effect a daily delivery throughout the villages. I see no objection to Mr. Turner's proposal, and request sanction for the entertainment of three peons at Rupees 5 each per mensem.

$$\begin{array}{r} 3 \times 5 = 15 \\ 12 \\ \hline 180 \end{array}$$

Balance Rs. 42

Before sanctioning the utilisation of the savings in the manner proposed, the Board request the Postmaster-General to state whether the excess allotment for the whole Presidency over the assignment to Provincial Services for District Post has been made good from savings elsewhere.

2. It is observed that the sanctioned scale of establishment for Madura is only Rupees 5,562 (*vide* Board's Proceedings, dated 18th January 1876, No. 138,) and it does not appear that the sanction of Government has been obtained for the utilisation of the full district grant (Rupees 8,352), approved in Board's Proceedings, dated 24th August 1876, No. 2,182. Sanction is accordingly now requested.

No. 892.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 31st March 1876.

Read the following papers:—

From H. G. TURNER, Esq., Acting Postmaster-General to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Madras, 18th March 1876, No. 12,843-4,201.

In reply to the Proceedings of the Revenue Board, dated 10th March 1876, I have the honor to state that I am not just now in a position to furnish an accurate statement of the articles of plant required for fully carrying out the scheme for extending postal communication to the rural parts of the taluqs of the Madras Presidency.

2. Arrangements are in progress for the scheme being set on foot in its entirety, as a tentative measure, in one taluq in each district under Imperial management. In a few districts arrangements have already been made to provide the necessary articles of plant, and, from reports received from the Inspectors, it appears that about Rupees 4,500 has been or is about to be drawn from the estimated lapsing balance now understood to be not Rupees 12,000 but about Rupees 10,000. The present applications to the Board from the Collectors of Coimbatore, Tanjore, and other districts appear to refer to the expenditure of this sum of Rupees 4,500. I enclose a Statement A showing districts in which steps are in progress to spend this amount, and request the Board to intimate their sanction for this amount to the several Collectors.

3. As regards the remaining balance of about Rupees 5,000, it is proposed to lay out Rupees 4,261-8-0 of this sum also in articles of plant as shown in the accompanying Statement B. The prices at which the articles are rated are probable prices. I have not been able to get the exact rates from the Public Works Workshop, Madras.

4. The work will be more conveniently done by that agency, and, if the Board agree to this, I beg that they will enter into the necessary arrangements for making over the above sum, through the Accountant-General, for adjustment with the Superintendent of the Workshops. If it be found that any hindrance is likely to arise to this measure, I would propose that the Board commit the execution of this work to me, and I will give it out to a respectable firm.

5. In the latter case, I request that the Board will send me a cheque for the money.

6. With respect to the latter part of paragraph 2 of the Board's Proceedings under reply, I beg to state that, under a misapprehension, Inspectors were instructed to obtain the lapsing balance for defraying the cost of extra establishment proposed during the current month and for plant for giving immediate effect to the proposed scheme, but they have since been informed that the lapsing balance, although available up to 31st instant for contingencies, is not available for payment of establishment employed after 29th February 1876.

7. I request the favor of early orders being passed on this letter.

From J. A. MARJORIBANKS, Esq., Deputy Collector, in charge of the Treasury, North Arcot, to E. GIBSON, Esq., Acting Sub-Secretary to the Board of Revenue, dated Chittoor, 28th March 1876, No. 385.

With reference to your telegram of the 24th instant, Miscellaneous No. 2,611, I have the honor to forward herewith copy of my telegram in reply, which was despatched to you direct under orders from the Collector (I am now on circuit),

from which it will be seen that there will probably be a saving of Rupees 542 at the end of the current official year 1875-76 out of the allotments made in the budget on account of District Postal Establishment and Contingencies.

2. A sum of Rupees 6,719-1-3 was paid from April 1875 up to date on account of sanctioned establishment, and Rupees 114-0-10 on account of ordinary contingencies. Besides these sums, Rs. 778-12-0 and 94-8-0 were paid in March and February 1876, respectively, under the Collector's instructions for the purposes noted in the margin out of the sum provided for in the budget on account of Establishment and Contingencies, in view to utilizing the balance of the budget grants as proposed by the Postmaster-General. Deducting the above sum, as well as the probable contingent charges, Rupees 1-7-2, to be incurred in the current month in the taluqs from the budget grants, there will be a balance of Rupees 542-2-9 or Rs. 542 in round sum as mentioned above.

Paid in March 1876 out of Grant for Establishment.		RS. A. P.
Cost of 100 letter boxes for District Post use, at Rupees 3 each	300 0 0	
Do. of 30 huts for District Post lines, at Rupees 10 each	300 0 0	
Do. of 55 portable letter boxes for District Post use, at Rupees 2-8-0 each	137 8 0	
Do. of 55 badges and belts for District Post use, at 12 Annas each	41 4 0	
Total...	778 12 0	

Paid in February 1876 out of the Grant for Contingencies.		RS. A. P.
Cost of 27 portable letter boxes, 45 belts, and 45 badges required for the district letter peons recently entertained at Rs. 2½ a letter box and Annas 12 a belt and badge...	94 8 0	

3. I may mention here that the Inspecting Postmaster, Mount Division, in his letter, dated 21st instant, No. 7,412, desired me to pay at once Rupees 183-8-0 out of the above sum on account of increase to salaries of certain postal establishments for March 1876 but I declined to do so not only for want of proper authority, but also use the money for establishment. Moreover, from the Proceedings of the Board of Revenue, dated 10th instant, No. —, I find that the Board have requested the Postmaster-General to furnish them with full information regarding the increased expenditure proposed to be incurred from the balance of the budget allotment of the current year on account of District Postal Establishment, and have deferred passing their orders till the receipt of this information from him. Under these circumstances, I am precluded from making any further payments out of the grant in question unless instructed by the Board to do so.

ENCLOSURE No. 1.

Telegram from J. A. MARJORIBANKS, Esq., Treasury Deputy Collector, to E. GIBSON, Esq., Acting Sub-Secretary to the Board of Revenue, dated Chittoor, 28th March 1876. YOUR telegram twenty-fourth March. Probable savings under District Post in 1875-76 Rupees five hundred and forty-two.

(True Copy.)

(Signed)

J. A. MARJORIBANKS,

Deputy Collector.

Read also Board's Proceedings, dated 10th March 1876, No. 688, and papers referred to therein.

In his letter recorded above, the Postmaster-General, in reply to the Board's Proceedings of the 10th instant, states his inability to furnish in accurate detail the information called for regarding the proposals made by him for the utilization of the available balance of the District Postal Grant for the current year. He however sends in two lists A and B; the former showing the amount which he expects to be drawn by Collectors for the purchase of Letter Boxes, &c., the total being about Rupees 4,500; and the latter being a statement of furniture required in addition for carrying out a scheme for the extension of rural delivery of letters, the total of which is in round numbers Rupees 4,260.

2. The Board have ascertained by inquiry of the Superintendent of the Public Works Department Workshops that the Postmaster-General's estimate of the cost of letter boxes and belts is too low; they have accordingly revised it by reducing the numbers of the articles to be supplied from 947 to 534 of each description. The cost of the smaller number will be about Rupees 5,085, which sum is accordingly allotted for the purpose. The Board leave it to the Postmaster-General, in communication with Collectors, to arrange the distribution among the several districts.

	RS.	A.	P.	
Godavery	116	0	0	Board have instructed the Collectors of
Kistna... ..	173	0	0	South Canara and Trichinopoly that the

Coimbatore... ..	711	14	0	bers) as detailed in the margin for con-
Salem	665	10	6	tingencies is approved.
Malabar	250	0	0	
Total...	3,858	7	11	

4. Turning to Collectors' letters recorded with Board's Proceedings read above, it is observed that the Collector of Madura in his letter, dated 19th February 1876, No. 79, reports the employment of six additional delivery peons to be paid from savings consequent upon certain District Post offices having been taken over to the Imperial Post. As these men have been employed upon the authority of G.O., dated 8th May 1874, No. 570, the Board will not withhold their confirmation of the arrangement so far as the current year is concerned; but sanction cannot be accorded for the continuance of the arrangement during 1876-77, inasmuch as the Board are pledged to effect savings in order to meet a deficiency in the grant as compared with the Budget Estimates—Board's Proceedings, dated 18th January 1876, No. 138, paragraph 19.

5. It is presumed that the indent for twenty-one letter boxes, value Rupees 149, for the Coimbatore District, which was forwarded by the Postmaster-General with his letter, dated 22nd February 1876, No. 11,722-4, is included in the amount sanctioned for that district in paragraph 3.

6. In his letter of the 17th February 1876, No. 74, the Collector of North Arcot in forwarding a letter, dated 10th idem, from the Postmaster-General, reported that he had approved certain proposals made by Mr. Turner in paragraph 6 of the enclosure, and that he had placed at his disposal the expected balance of District Postal Grant. The Board regret that they are unable to approve the Collector's action in this matter. The proposals referred to involve amongst other things a considerable increase of establishment above the sanctioned scale, the full strength of which is only Rupees 600 a month, whereas the Postmaster-General would make it Rupees 964* odd. It is true that this increase is only temporary, and that it is not to be continued beyond the current year, nevertheless it is important that the general principle which requires that the sanction of Government be sought and obtained before establishments are augmented should never be lost sight of or infringed. For these reasons the Board must disallow, for the present at any rate, the increased expenditure under this head, but the Collector is at liberty, should he deem it necessary, to apply for the special sanction of Government to any such expenditure which may actually have been incurred or to which he may consider himself pledged.

7. The Treasury Deputy-Collector in his letter recorded above, reports in detail the additional charges made on account of Contingencies. After paying ordinary contingencies up to date and allowing a small sum for estimated charges during March, there remains a balance of Rupees 94-8-0, against which is a charge of Rupees 873-4-0 on account of letter boxes, &c., recently purchased. It is not known whether this includes the amount entered against the district in the Postmaster-General's Statement A; but the amount disbursed by the Collector is sanctioned, and, if necessary, the furniture now supplied to Mr. Turner on account of North Arcot can be sent to another district.

8. The perusal of this and of other recent correspondence upon this subject led the Board to think it necessary to impress upon Collectors that however such means of communication is after all not the primary object for which the District Postal Grant exists; but that it is above all things necessary that the regular and rapid delivery of official correspondence be secured. So far then the standpoint of the Collector of a district is different from that of the Postmaster-General, and the Collector of Tanjore was quite right in claiming to be fully consulted before the introduction of certain innovations.

9. In conclusion, the Board must point out the inconvenience caused by leaving till so near to the close of the year the discussion of the mode of utilizing balances which might without difficulty have been approximately estimated before the end of 1875.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 29th November 1876.

Read the following letter from J. G. HOPKINS, Esq., Acting Collector of Madura, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 5th October 1876, No. 306:—

With reference to the Proceedings of the Board, dated the 24th August 1876, No. 2,182, I have the honor to state that the Postmaster-General does not require the sum of Rupees 222, allotted in paragraph 3 for the purchase of boxes and badges for the use of the District Post peons in this district, as a large supply of them has already

Proceedings of the Board, dated 31st March 1876, No. 892.

utilized by the employment of three more peons in the Periakolam Taluq, where

	180
Balance Rs.	42

been provided for out of the lapsing balance of the District Post grant in March 1876, and suggests that the amount may be utilized by the employment of three more peons in the Periakolam Taluq, where the present staff of peons is stated to be insufficient to effect a daily delivery throughout the villages. I see no objection to Mr. Turner's proposal, and request sanction for the entertainment of three peons at Rupees 5 each per mensem.

BEFORE sanctioning the utilization of the savings in the manner proposed, the Board request the Postmaster-General to state whether the excess allotment for the whole Presidency over the assignment to Provincial Services for District Post has been made good from savings elsewhere.

2. It is observed that the sanctioned scale of establishment for Madura is only Rupees 5,562—vide Board's Proceedings, dated 18th June 1876, No. 135,—and it does not appear that the sanction of Government has been obtained for the utilization of the full District grant (Rupees 8,352) approved in Board's Proceedings, dated 24th August 1876, No. 2,182. Sanction is accordingly now requested.
