Famine Relief.

No. 202. Read the following letter from Captain A. BROOME, 18th Bengal Cavalry, on Special Famine Relief Work, Kurnool District, to
Madras, Revenue Department, dated Madras, 5th April 1877 :—

BEING now in Madras I take this opportunity to request you will be good enough to lay this letter before Government.

On the 28th of last month I made a similar application, forwarding the same through the Collector of Kurnool, but I find that my letter has not yet arrived here.

My request is to be permitted to get down from Bareilly, where my regiment is now quartered, my cart and horse to Gooty at Government expense, and I ask this for the following reasons :—

(1.) I shall, having a cart and horse, be able to do my district work with much greater satisfaction than I now can with only my two horses.

(2.) As I have to do long distances in the day time, I shall not be so much exposed to the sun, and the work will be easier both for my horses and myself.

(3.) Having a cart I shall be able to carry grass and gram with me, which I now find most difficult to get in many places I have to visit, and it will save me the expense and discomfort of travelling about in native bandies.

I make this request in the interests of Government as much as for my own personal convenience; and, if I could afford the expense of getting the cart and horse down myself, should not make this application. In conclusion, I beg to state that one of my horses is already knocked up from hard work and bad fodder, and at present useless.

Under these circumstances, therefore, I hope that Government will be pleased to look favorably on my request.

No. 203. ORDER THEREON, 9th April 1877, No. 1,376.

he brought the letter
to the house, but I have

The collector's report on
 application has not come -
 I think this is
 questionable - we have
 paid for 2 horses for
 him - The cost of bringing
 Cart - Horse & Horsekeeper
 from Navully will be large
 200 or 300 Rupees
 I should have thought
 that we might have
 obtained on the spot
 and one of his horses used
 for it - whatever is done
 for 1 - will have to be done
 for all - Prof. 6/4

In order
 to submit to the
 Government an application
 from Capt. Beome to
 be allowed to get his
 horse & cart for Navully
 at the expense of Govt.
 He gives reasons which
 are valid.
 It is a smart officer
 & doing cap. & at work.
 I suggest he being
 allowed to have the
 horse & dog cart - done
 by him to foot up at
 Govt. expense as required.
 or as required.

I do permit - He must
 sell the horses or have
 from him then done
 with as for acct.
 M
 I do permit. And
 he brought the horse
 to the house, would have

Sanctioned the expense.
If the Govt requires it -
reimburse the the cost -

we would in the same
have the same aid in
horses as other officers.

Of course the Govt horses
remain Govt property.
With the record when
the need for them is
at an end. / S.H.
