Famine Relief.

No. 217-A. Read the following Proceedings of the Board of Revenue, dated 28th March 1877 :—

Read Proceedings of the Madras Government, Revenue Department, dated 17th March 1877, No. 1,126.

THE Board submit that Major Murray should be directed to take his instructions from the Collector of Chingleput.

2. As to the purchase of cleaned rice, the Board submit that the rule which has already been laid down in G.O., 28th February 1877, No. 866-A, viz., that the price of the rice as ordinarily sold for consumption in the bazaar should be taken should be adhered to; any other rule will make wages to a great extent matter of discretion, and the uniformity which it is necessary to maintain between neighbouring works and taluqs as well as neighbouring districts will become impossible. The ascertainment of the real price is a matter of difficulty even in large markets, and would be quite impossible in village bazaars. The standard suggested by the Board is quite well known in the larger markets, and if the wage is not sufficient with reference to that standard it would be better to raise it than to do away with a definite standard altogether. It seems to the Board that this would be the result of Major Murray's proposals to be guided by the supposed prices and the condition of grain exposed from time to time in village bazaars.

FOR ORDERS.

Mem. W. Woodburn

x G.O. 25th Jan. No. 866A. wanted to know "what the "pound price" was to be charged & enclosed the B^d's said "as advisedly fixed". The Govt. approved this reply.

Mem. Lowrea, Major Murray asked the same question the Govt. told him that he was to see that the labourers at his camps were to get a pound decently cleaned rice so that they might get the quantity of their stomachs.

The Board point out that it is necessary that the rule already laid down should be adhered to & suggest that Major Murray obt. take his instructions from the Coll.; the latter from the Collr. if Collr. is in doubt.
