Proceedings of the Madras Government, Revenue Department,
13th April 1877.

No. 299. Read the following Proceedings of the Board of Revenue, dated 29th March 1877, No. 1,409 :—

Read the following letter from J. GROSE, Esq., Collector of Nellore, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 17th March 1877, No. 1,190 :—

I HAVE the honor to submit copy of a letter,* in which the Additional Sub-Collector recommends that batta at the rate of 3 Annas a day should be paid to the Curnams who are called away from their villages for the preparation of the accounts of the annual settlement.

* No. 48, dated 10th March 1877.

2. The state of the district seems to me such as to make it absolutely necessary to grant this batta in all taluqs. The expense of travelling and the extra expense of living at a distance from home have both increased in consequence of the famine, and it is more necessary now than ever, not merely that the accounts should be completed, but that representatives of every village should come to head-quarters.

3. I cannot ascertain the number of working Curnams throughout the district, but when the revision of the village establishments was under discussion, it was stated that there were 1,548 holders of the office. Assuming that each Curnam will be required to attend at the Taluq Cutcherry for fifteen days, the cost of granting the proposed batta will be between four and five thousand Rupees.

4. [illegible] to all Tahsildars warning them not to keep the Curnams longer than is absolutely necessary.

5. The time for the annual settlement is at hand and early orders are desirable.

ENCLOSURE No. 1.

From C. S. CROLE, Esq., Additional Sub-Collector, to J. GROSE, Esq., Collector of Nellore, dated 10th March 1877, No. 48.

I HAVE the honor to request that you will be good enough to obtain the sanction of Government for payment of batta to Curnams at the rate of 3 Annas per day (or in kind) during the time that they may unavoidably be called away from their villages for the preparation of accounts and to attend the Jamabundy Cutcherry, in consideration of their impoverished state owing to failure of emoluments.

Collector.

SUBMITTED for the orders of Government.

2. The Collector of Nellore suggests, at the instance of the Additional Sub-Collector, that, in consideration of the high prices now ruling and the impoverished state of the village officers, Curnams who are called away from their villages for the preparation of the Jamabundy accounts should be allowed batta at the rate of 3 Annas a day.

3. The case of these men undoubtedly deserves consideration, and the Board recommend Government to sanction the grant of batta to Curnams at 2 Annas a day while employed away from their villages on Jamabundy work. The sanction should apply to all distressed districts. Mr. Grose's estimate of the cost of his proposal is

between four and five thousand Rupees, and the cost at 2 Annas may be stated at Rupees 3,000. The Board would estimate the cost for the districts noted in the margin at Rupees 30,000. Of course, every endeavor should be made to reduce the period for which the men would be kept away from their villages.

Nellore, Cuddapah, Bellary, Kurnool, Chingleput, North Arcot, Salem, Coimbatore, and Madura.
