Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Chittoor, 29th December 1876, No. 537.

anticipation of sanction, and to request that you will be good enough to obtain the approval of the Board for the same. I may add that my operations are greatly cramped for want of tools and implements. I have enquired for them in every direction, but can only procure them in very small quantities, and in consequence am unable to employ by any means the number of cooly people that would be the case if tools were available. I have sent in indents to the General Superintendent, Public Works Workshops and Stores at Madras, for early compliance.

THE works are approved. The tract being Zamindari there are no irrigation works on which Government money can be spent; but the Collector should consider whether it would not be possible to undertake the collections and storage of metal on existing roads rather than the construction, for the maintenance of which funds will be wanting hereafter.

2. The Collector should indent freely on Madras for the tools wanted.
