With reference to the Proceedings of the Board of Revenue, Miscellaneous No. 1, dated 26th April 1875, communicating G.O., No. 620, of the 19th idem, I have the honor to submit, for the Board's sanction, proposals for fully assessing the lands of the village of Nammarangur and a minor Inam in the Shrotriem village of Kuppa Tevan, including an endowment to a chuttrum in the latter village in the Pattukottai

*Proceedings of the Madras Government, Revenue Department,

5. This Inam has been leased out for five Faslis, from Fasli 1283 to 1287, for Rupees 23-4-0 a year, inclusive of fruit trees.

6. The soil of the wet lands of this Inam is of the same quality as that of the Government village of Kattadavayal, which is about four miles from Kuppa Tevan. The wet rate of Kattadavayal, Rupees 23-4-0 a veli, appears to be fair for this Inam. There is no dry land in the village of Kattadavayal. (The dry rate of Perumagalur, Rupees 4-14-9 a veli, appears to be fair for the dry lands of this Inam. For the garden this rate has to be doubled, and it comes to Rupees 9-13-6 a veli.

7. According to these rates the assessment of wet (11 Ms. 6 Guls.) is Rupees 12-13-9, and of garden (3 Ms. and 66 Guls.) Rupees 1-12-7. In the Poramboke (6 Ms. 13 Guls.) there are the following trees:—

	No.	Tree Tax.		
		RS.	A.	P.
Cocoanut trees ...	55	4	4	9
Palmyra ...	56	2	3	0
Tamarind ...	10	1	9	0
Mango ...	1	0	1	3
Total ...	122	8	2	0

It would be fair to collect tree tax at the rates prevalent in Government villages, and this comes to Rupees 8-2-0. The total assessment of the holding, inclusive of tree tax, is Rupees 22-13-10.

SUBMITTED to Government with reference to the Order quoted.

2. The Board approve the Collector's proposals. It is observed that the assessment proposed for the minor Inam, Rupees 22-12-4 (not Rupees 22-13-10), very nearly corresponds to the amount of the rent under the current lease.
